Michael Seilmaier

The Decoy And The Dove:

The Decoy and the Dove Mary Vesta Nickerson, 2002-03 Traditional ways of thinking do not apply in this story No true language or personal baggage is recommended on the trip all that is allowed is your image of true possibilities The compelling narrative evolves around the understanding of human emotion from both an individual and collective viewpoint The author fervently believes in a creative intelligence and a spiritual realm beyond the physical The end result of this rigorous new perspective is this moving volume which should spark debate and controversy The provocative speculations in this work make it essential reading The never ending paradox between religion and spirituality and the struggle to justify the excessive price religion has put on its procedure for achieving what it claims to have for sale The author has attempted to portray the logic of a Higher Power and that it has no limitations or personal preferences as to one individual over another but the connectedness of all that there is in and of that One Power The author felt the abstract perspective was necessary also that in our current state it is very difficult and even more likely impossible to comprehend even the vastness of our own cosmos much less the range of possibilities beyond our seen universe The goal is in no way to convince or change another's beliefs only the better understanding of the Oneness and connectedness of us all the peace and serenity of what is portrayed as Heaven to us all now The provocative thoughts contained in these pages cover a wide range of possibilities from both a philosophical and metaphysical perspective Mind provoking at the least it creates the need to ponder if there is a God would you want to spend eternity with the one you have chosen
