The background of the book cover is a photograph of a desolate Australian outback. A wide, reddish-brown dirt road stretches from the foreground into the distance. On the left side of the road, a silver car is wrecked and partially buried in the sand. In the background, there are sparse, dry trees and a large, dark rock formation. On the right side of the road, a dead animal, possibly a kangaroo or wallaby, is impaled on a wooden post. The sky is a hazy, orange-brown color, suggesting a sunset or sunrise. The overall mood is one of isolation and danger.

The High Wire

Olli Rehn

The High Wire:

Harry and the Highwire Julie Carpenter, Laura Catalán, 2025-08-05 Julie Carpenter's inspiring story of Houdini shows how like him we can open the locks and dance on the high wire. It's only a matter of practice. And believing in yourself. Eric Kimmel. As a young boy of seven, Harry is desperate to do something incredible, but what? A visit to the circus provides the answer when he sees the daring tightrope walker thrilling the audience. From that moment on, all Harry wants to do is to walk the tightrope. But how? His first try on the family clothesline ends in disaster, but Harry's not about to give up yet. He starts practicing in his every spare moment and in every location he can think of. Will he get to the other side or will he fall? And will his pet chicken, Banjoe, be able to keep up? An inspiring tale about one of history's most fascinating figures, *Harry and the Highwire* is essential reading for children, teaching them about the importance of ambition, hard work, and crucially, of believing in yourself, even when things seem impossible. The reverse side of this fun, fully fold-out book includes a biography and illustrated timeline of Houdini's life, along with a focus on three of his most famous tricks and hints on how he did them.

Walking the Highwire Olli Rehn, 2020-02-23 *Walking the Highwire* tells the story of the Eurozone Crisis from the perspective of the former Vice President of the European Commission who was responsible for Economic and Monetary Affairs in 2010-2014. It is a comprehensive European account that covers both events and decisions in Brussels and Frankfurt and in the member states, both in distressed countries and creditor states. It also provides an economic and political analysis of the crisis and its management, recognising that the Euro was created politically and saved politically. Thoroughly researched and based on economic analysis of the time, reports on various meetings, and the author's own speaking notes and diary, this book begins with a narrative of crisis management 2009-2012, before moving on to address the beginning of the recovery from 2013-2014. It concludes with the lessons learnt from the crisis and a programme for reform of the Eurozone in the 2020s, with contemporary policy relevance. This is an entertaining and engaging account which will be of interest to a wide audience: scholars and students, practitioners and commentators of the Eurozone. *HIGHWIRE* William E. Dyson III, 2009-09-18 A detective, Stacey, investigates the disappearances of high-tech women. Max Stern, a millionaire living in Burma, runs Highwire Incorporated, a computer manufacturing plant which is a front. The real business is to search for the best candidates to be kidnapped and implanted with a controlling device near the brain to maintain obedience to be sold. *Highwire Moon* Susan Straight, 2019-10-22 A young Mexican mother struggles to reconnect with her child in America, a heartrending tale. No prisoners novel. Publishers Weekly and National Book Award finalist. A vital and unsparing vision of America from National Book Award finalist Susan Straight. At three years, Elvia was placed in foster care when her mother, Serafina, an undocumented migrant worker, was deported. Twelve years later, Serafina risks everything to return to the United States and the daughter she was forced to abandon. **LIFE**, 1969-05-30 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century.
