The Higher Education Of The Soul

Wilson Smith, Thomas Bender

The Higher Education Of The Soul:

The Lost Soul of Higher Education Ellen Schrecker, 2010-08-24 The professor and historian delivers a major critique of how political and financial attacks on the academy are undermining our system of higher education Making a provocative foray into the public debates over higher education acclaimed historian Ellen Schrecker argues that the American university is under attack from two fronts On the one hand outside pressure groups have staged massive challenges to academic freedom beginning in the 1960s with attacks on faculty who opposed the Vietnam War and resurfacing more recently with well funded campaigns against Middle Eastern Studies scholars Connecting these dots Schrecker reveals a distinct pattern of efforts to undermine the legitimacy of any scholarly study that threatens the status quo At the same time Schrecker deftly chronicles the erosion of university budgets and the encroachment of private sector influence into academic life From the dwindling numbers of full time faculty to the collapse of library budgets *The Lost Soul of Higher Education* depicts a system increasingly beholden to corporate America and starved of the resources it needs to educate the new generation of citizens A sharp riposte to the conservative critics of the academy by the leading historian of the McCarthy era witch hunts *The Lost Soul of Higher Education* reveals a system in peril and defends the vital role of higher education in our democracy

Keeping the Soul in Christian Higher Education Robert Benne, 2017-08-24 Many colleges with historical church ties experience significant tension between the desire to compete in the secularized world of higher education and the desire to remain connected to their religious commitments and communities In this history of one such school Roanoke College Robert Benne not only explores the school's 175 year tradition of educational excellence but also lays bare its complicated and ongoing relationship with its religious heritage Benne examines the vision of ten of Roanoke's presidents and how those visions played out in college life As he tells the college's story Benne points to specific strengths and weaknesses of Roanoke's strategies for keeping the soul in higher education and elaborates what other Christian colleges can learn from Roanoke's long quest *The Soul of Higher Education* Margaret Benefiel, Bo Karen Lee, 2019-05-01
