The Historian's Awakening Bernard Koloski, 2018-11-16 *The Historian's Awakening* is a full commentary on the text included that provides social and cultural history context discussions of the author and her times as well as valuable insight into historical forces that shaped people's lives Kate Chopin's classic novel about a modern woman who desires to break free from tradition endures in part due to its critical and thought provoking themes about society While many editions of Kate Chopin's classic novel are in print only *The Historian's Awakening* deals exclusively with the 19th century social and cultural environment from which the novel emerged In *The Awakening* Kate Chopin portrays a modern woman who seeks autonomy subjected to intense social and cultural conventions that first draw her out of her lifelong solitude but ultimately leave her feeling even more alone This newly annotated edition focuses on how 19th century ideas about class gender ethnicity and modernity affect a courageous woman's life Challenging prevailing scholarship by situating the novel within a rich historical context it examines the social and cultural realities of the 1890s and explains how in the novel these forces combine with an emerging modernity to liberate and unsettle its female protagonist *Mathematics and the Historian's Craft* Michael Kinyon, Glen van Brummelen, 2006-06-18 The Kenneth May Lectures have never before been published in book form Important contributions to the history of mathematics by well known historians of science Should appeal to a wide audience

Cimbala,2020-07-08 For someone who did not actually fight in the American Civil War Stephen Crane was extraordinarily accurate in his description of the psychological tension experienced by a youthful soldier grappling with his desire to act heroically his fears and redemption Stephen Crane s novel The Red Badge of Courage provides an extraordinary take on the battlefield experiences of a young soldier coming of age under extreme circumstances His writing took place a generation after the war s conclusion at a time when the entire nation was coming to grips with the meaning of the Civil War It was during this time in the late 19th century that the battle over the memory of the war was taking place This new annotated edition of the novel is designed to guide readers through references made through Crane s characters and how they reflect Civil War military experiences specifically how the youth s experiences reflect the reality of the multi day battle of Chancellorsville which took place in Virginia beginning on May 1 1863 and concluded on May 4 of the same year The annotated text is preceded by introductory essays on Crane and on the Civil War Crane s short story The Veteran is also included to allow readers to better understand the post war lives of Civil War soldiers *The Tablet of Memory; Or, The Historian's Assistant.
