American Myth Philip Young, David Morrell, Sandra Spanier, 2010-11 Few experts in American literature have written as insightfully and brilliantly as did Philip Young renowned Hemingway critic and scholar at large His unique work bursts with a joy in the humanities with a sensibility a humor and a style that communicate to academics and general readers alike Although Young died in 1991 he survives in his remarkable prose *American Fiction* *American Myth* features nineteen groundbreaking essays in which Young masterfully reveals the so what that he insisted all literary studies ought to have In the first section he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle reaching powerful conclusions about America and its people In the second section he becomes Our Hemingway Man explaining his germinal and still provocative theory that Hemingway's severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self psychoanalysis Young's book on Hemingway was the first of its kind but Young was more than a one author critic as his essays demonstrate in the third section exploring such diverse topics as Hawthorne's secret love the Lost Generation that was never lost F Scott Fitzgerald's debt to T S Eliot and the relationship between American fiction and American life What Hemingway once said about himself can be equally applied to Young I am a very serious but not a solemn writer The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them

Poe and the Idea of Music Charity McAdams, 2017-10-24 Edgar Allan Poe often set the scenes of his stories and poems with music angels have the heartstrings of lutes spirits dance and women speak with melodic voices These musical ideas appear to mimic the ways other authors particularly Romanticists used music in their works to represent a spiritual ideal artistic realm Music brought forth the otherworldly and spoke to the possible transcendence of the human spirit Yet Poe's music differs from these Romantic notions in ways that although not immediately perceptible in each individual instance cohere to invert Romantic idealism For Poe artistic transcendence is impossible the metaphysical realm is unreachable and humans cannot perceive anything but their own failure of spirit In this book I show how we can look at Poe's poems and stories on the whole to discover this and in doing so unpack some of Poe's mysticism along the way

Essays on English and American Literature Leo Spitzer, 2015-12-08 The late Leo Spitzer

enjoyed a reputation as one of the twentieth century's outstanding philologists and linguists. His writings in the field of the romance languages and of comparative philology have been always stimulating, often controversial. This collection presents his essays in English and American literature which appeared in various journals and other publications during his lifetime. They range from an explication de texte of three great Middle English poems through close scrutiny of writings of Donne, Milton, Keats to a consideration of Edgar Allan Poe and Whitman and finally to one of Yeats' poems. Each of the essays in this collection is illuminated and heightened by Professor Spitzer's careful and imaginative exegesis. The delightful *American Advertising Explained as Popular Art* is included as a sample of Professor Spitzer's commentary on American culture. Originally published in 1962, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press.
