The Hitler Fact:

HITLER'S DOUBLES, Photos, Proofs, Testimonies, Facts, Eyewitnesses Maximilien de Lafayette, 2018-10-03 HITLER S DOUBLES Photos Proofs Testimonies Facts Eyewitnesses A publication of TIMES SQUARE PRESS New York Using a double multiple doubles or a decoy is not a novelty or something unusual Consequently the possibility or veracity of Hitler s doubles is not unconceivable The author of the book did not propose this possibility based upon rhetoric and conspiracy s literature for he has gathered tangible proofs numerous pieces of evidence Verbally and in writing conducted a meticulous investigation and above all he talked to individuals who knew very well Hitler such as Zarah Leander Adolf Hitler s friend and favorite singer and the legendary Leni Riefenstahl and numerous former generals of NAZI Germany **The ^AHitler**

Conspiracies Richard J. Evans, 2020-10-22 The Hitler Conspiracies focuses on five of the most enduring conspiracy theories involving the Nazi period including those that accompanied and even buttressed Hitler s rise A distinguished work of history this book offers equally a hard look at our own troubled times a post truth era in which alternative facts have gained new standing *Hitler's Millennial Reich* David Redles, 2008-11-01 A brilliant study of the convergence of apocalyptic anxiety and authoritarianism in Germany A story unfortunately of continuing relevance Charles B Strozier author of *Apocalypse On the Psychology of Fundamentalism in America After World War I* German citizens sought not merely relief from the political economic social and cultural upheaval that wracked Weimar Germany but also mental salvation With promises of order prosperity and community Adolph Hitler fulfilled a profoundly spiritual need on behalf of those who converted to Nazism and thus became not only F hrer but Messiah contends David Redles who believes that millenarian sentiment was central to the rise of Nazism As opposed to many works which depersonalize Nazism by focusing on institutional factors Redles offers a fresh view of the impact and potential for millenarian movements The writings of both major and minor Nazi party figures in which there echoes a striking religiosity and salvational faith reveal how receptive Germans were to the notion of a millennial Reich such as that offered by Hitler Redles illustrates how Hitler s apocalyptic prophecies of a coming final battle with the so called Jewish Bolsheviks one that was conceived to be a war of annihilation was transformed into an equally eschatological Final Solution Redles has done an extraordinarily careful and brilliant analysis of the archival material to reveal Hitler s messianic charisma his appeal both on the ideological and psychological level illustrating that if you can convince people that they live in apocalyptic times and you have the key to their collective salvation you can get them to do anything Richard Landes Director Center for Millennial Studies Department of History Boston University *The Hitler Options* Kenneth Macksey, 2015-02-19 Ten stories of what if World War II scenarios from military historians A thought provoking study of what might have been *British Army Review* What would have happened if Hitler invaded England in July 1940 or concentrated on the capture of Moscow in 1941 instead of first diverting to Kiev Or if Rommel had implemented Plan Orient in 1942 striking across the Middle East to join Japanese forces moving to India How would the course of World War II have been changed if

Churchill had persuaded the Americans to concentrate on attacking the soft underbelly of Europe instead of Northern France In this compelling book ten acclaimed military historians explore what might have happened if at ten crucial turning points of the war Hitler had taken a different direction or how he would have reacted if the Allies had changed course Each scenario is based on real situations and are within the bounds of what could genuinely have occurred With vivid and realistic descriptions of the ensuing campaigns and battles The Hitler Options is a gripping thought provoking and at times disturbing look at what could have been

Information and Education Division,1944 **Truth and Normativity** Mr Iain Brassington,2012-10-01 Beginning by posing the question of what it is that marks the difference between something like terrorism and something like civil society Brassington argues that commonsense moral arguments against terrorism or political violence tend to imply that the modern democratic polis might also be morally unjustifiable At the same time the commonsense arguments in favour of something like a modern democratic polis could be co opted by the politically violent as exculpatory In exploring this prima facie problem and in the course of trying to substantiate the commonsense distinction Brassington identifies a tension between the primary values of truth and normativity in the standard accounts of moral theory which he ultimately resolves by adopting lines of thought suggested by Martin Heidegger and concluding that the problem with mainstream moral philosophy is that in a sense it tries too hard
