The Hitler File Frederic V. Grunfeld, 1979 The Hitler File Frederic V. Grunfeld, 1974 **The Hitler File** Frederic V. Grunfeld, 1974 This book fills a major gap in the current spate of books on the Nazis and their leader It provides the reader with a pictorial history of the events in Germany from 1918 to 1945 The elaborate symbolism and psychology of Nazism and the complex personality of Hitler himself are studied in detail through a wealth of carefully chosen illustrations which include still photographs film clips posters cartoons and propaganda material The result is a wholly absorbing cultural and social history of Nazism much of it drawn from sources never used in a book before **Hitler and Nazi Germany** Jackson J. Spielvogel, 2016-09-16 This text is based on current research findings and is written for students and general readers who want a deeper understanding of this period in German history It provides a balanced approach in examining Hitler's role in the history of the Third Reich and includes coverage of the economic social and political forces that made the rise and growth of Nazism possible the institutional cultural and social life of the Third Reich the Second World War and the Holocaust

The Roots of Nazi Psychology Jay Y. Gonen, 2013-07-24 Was Hitler a moral aberration or a man of his people This topic has been hotly argued in recent years and now Jay Gonen brings new answers to the debate using a psychohistorical perspective contending that Hitler reflected the psyche of many Germans of his time Like any charismatic leader Hitler was an expert scanner of the Zeitgeist He possessed an uncanny ability to read the masses correctly and guide them with new ideas that were merely reflections of what the people already believed Gonen argues that Hitler's notions grew from the general fabric of German culture in the years following World War I Basing his work in the role of ideologies in group psychology Gonen exposes the psychological underpinnings of Nazi Germany's desire to expand its living space and exterminate Jews Hitler responded to the nation's group fantasy of renewing a Holy Roman Empire of the German nation He presented the utopian ideal of one large state where the nation represented one extended family In reality however he desired the triumph of automatism and totalitarian practices that would preempt family autonomy and private action Such a regimented state would become a war machine designed to breed infantile soldiers brainwashed for sacrifice To achieve that aim he unleashed barbaric forces whose utopian features were the very aspects of the state that made it most cruel **Atlas of Nazi Germany** Michael Freeman, Jayne Lewin, Tim Mason, 2014-10-13 Originally published in hardback only in 1987 Michael Freeman's valuable guide to the history of Nazi Germany now returns to print in a substantially revised Second Edition Dealing with all aspects of the Nazi regime it is far more than just an atlas the integration of the maps themselves with charts and other visually displayed data and an extensive and authoritative commentary makes this a book to read as well as to refer to **Joseph Goebbels** T. Thacker, 2016-04-30 An insightful new biography of Joseph Goebbels Propaganda Minister of the Third Reich and one of the most important and troubling figures of the twentieth century The first account to use all of Goebbels surviving diaries it sheds new light on his personality private life and political convictions as well as his
