

THE HITLER SPRING

Ne quella ch'a veder lo sol si gira . . .
Dante (?) to Giovanni Quirini

The thick white cloud of crazy moths is whirling
around the pale lights and the parapets,
spreading a blanket on the earth that snaps
like sugar underfoot; the coming summer
frees the night frost locked in the dead season's
secret cellars, and the gardens
that scale down from Maiano to these sands.

An infernal angel passed in flight
just now along the avenue
in a crush of thugs; an eerie emptiness
lit and festooned with swastikas engulfed him;
the poor, defenseless windows, also armed
with guns and war toys too, are shuttered up,
the butcher who decked berries on the snouts
of his slaughtered baby goats has closed; the feast
of the meek executioners still innocent of blood
has turned into a foul Virginia reel of shattered wings,
ghosts on the sand bars, and the water rushes in
to eat the shore and no one's blameless anymore.

All for nothing, then?—and the Roman candles
at San Giovanni, slowly whitening
the horizon, and the vows and long farewells
definitive as baptism in the horde's
wan vigil (but a jewel scored the air,
sowing the icy edges of your beaches
with the angels of Tobias, the seven,
seeds of the future) and the heliotrope
born in your hands—all burned, sucked dry
by pollen that wails like fire
and stings like hail . . .

Oh the wounded spring
is still a festival if it can chill

The Hitler Poems
