The Homeric Epics And The Gospel Of Mark:

The Homeric Epics and the Gospel of Mark Dennis Ronald MacDonald, Professor of New Testament and Christian Origins
Dennis R MacDonald, 2000-01-01 In this groundbreaking book Dennis R MacDonald offers an entirely new view of the New Testament gospel of Mark The author of the earliest gospel was not writing history nor was he merely recording tradition MacDonald argues Close reading and careful analysis show that Mark borrowed extensively from the Odyssey and the Iliad and that he wanted his readers to recognise the Homeric antecedents in Mark's story of Jesus Mark was composing a prose anti epic MacDonald says presenting Jesus as a suffering hero modeled after but far superior to traditional Greek heroes Much like Odysseus Mark's Jesus sails the seas with uncomprehending companions encounters preternatural opponents and suffers many things before confronting rivals who have made his house a den of thieves In his death and burial Jesus emulates Hector although unlike Hector Jesus leaves his tomb empty Mark's minor characters too recall Homeric predecessors Bartimaeus emulates Tiresias Joseph of Arimathea Priam and the women at the tomb Helen Hecuba and Andromache And entire episodes in Mark mirror Homeric episodes including stilling the sea walking on water feeding the multitudes the Triumphal Entry

The Gospels and Homer Dennis R. MacDonald, 2014-11-05 These two volumes of *The New Testament and Greek Literature* are the magnum opus of biblical scholar Dennis R MacDonald outlining the profound connections between the New Testament and classical Greek poetry MacDonald argues that the Gospel writers borrowed from established literary sources to create stories about Jesus that readers of the day would find convincing In *The Gospels and Homer* MacDonald leads readers through Homer's Iliad and Odyssey highlighting models that the authors of the Gospel of Mark and Luke Acts may have imitated for their portrayals of Jesus and his earliest followers such as Paul The book applies mimesis criticism to show the popularity of the targets being imitated the distinctiveness in the Gospels and evidence that ancient readers recognized these similarities Using side by side comparisons the book provides English translations of Byzantine poetry that shows how Christian writers used lines from Homer to retell the life of Jesus The potential imitations include adventures and shipwrecks savages living in cages meals for thousands transfigurations visits from the dead blind seers and more MacDonald makes a compelling case that the Gospel writers successfully imitated the epics to provide their readers with heroes and an authoritative foundation for Christianity

The Gospel 'According to Homer and Virgil' Karl Olav Sandnes, 2011-02-14 This study investigates the phenomenon of Christian centos i.e. attempts at rewriting the Gospel stories in both the style and vocabulary of either Homer Greek or Virgil Latin Out of the classical epics an entirely new text emerged

Ancient Fiction Jo-Ann A. Brant, Charles W. Hedrick, Chris Shea, 2005 The essays in this volume examine the relationship between ancient fiction in the Greco Roman world and early Jewish and Christian narratives They consider how those narratives imitated or exploited conventions of fiction to produce forms of literature that expressed new ideas or shaped community identity within the shifting social and political climates of their own societies Major authors and texts

surveyed include Chariton Shakespeare Homer Vergil Plato Matthew Mark Luke Daniel 3 Maccabees the Testament of Abraham rabbinic midrash the Apocryphal Acts Ezekiel the Tragedian and the Sophist Aelian This diverse collection reveals and examines prevalent issues and syntheses in the making the pervasive use and subversive power of imitation the distinction between fiction and history and the use of history in the expression of identity Mark and the Elijah-Elisha Narrative Adam Winn,2010-08-01 In this monograph Adam Winn proposes that the ancient Greco Roman literary practice of imitation can and should be used when considering literary relationships between biblical texts After identifying the imitative techniques found in Virgil's Aeneid Winn uses those techniques as a window into Mark's use of the Elijah Elisha narrative of 1 and 2 Kings Through careful comparisons between numerous pericopes of both respective narratives Winn argues that the Markan evangelist has at many points clearly and creatively imitated the Elijah Elisha narrative and has relied on this narrative as a primary source *Jewish and Christian Scriptures* James H. Charlesworth, Lee Martin McDonald,2010-05-27 Over the past four decades many scholars have focused on the expanding collection of alleged extra canonical documents that were deemed inspired by God in numerous early Jewish and Christian groups Eventually these texts ceased to have an authoritative role in Judaism and Christianity and were branded extra canonical Now these documents once considered sacred are recognized as fundamental in understanding antiquity and the development of the canon Many scholars are now according an authority to some of these texts This volume draws attention to these ancient religious texts especially the so called non canonical texts by focusing on how they were used or functioned in early societies The contributors also warn us about the assumed barriers between canon and extra canon texts and traditions and they suggest that we should be careful with labels such as Jewish and Christian The contributors also indicate intermittently or implicitly the importance of combining disciplines that had been isolated especially the study of texts the exploration of the canonical process and the relevance of sociology in studying ancient groups **The Pseudepigrapha and Christian Origins** Society for New Testament Studies,2008-11-01 This work features original contributions from world class scholars from the Studiorum Novi Testament Societas *Vox Petri* Gene L. Green,2019-11-12 Peter stands at the beginning of Christian theology Christianity's central confessions regarding the person of Jesus the cross salvation the inclusive nature of the people of God and the end of all things come to us through the apostle who was not only the church's leader but also its first theologian Peter is the apostle for the whole church and the whole church resonates with his theology We sing his song though we may not have glanced at the bottom of the page in the hymnbook to see who wrote the words and composed the tune Peter is the lost boy of Christian theology a person overlooked as a theological innovator and pillar but his rightful place is at the head of the table If we look closely however we may recognize that he has been seated there all along *The Gospels and Homer* Dennis R. MacDonald,2014-11-05 These two volumes of *The New Testament and Greek Literature* are the magnum opus of biblical scholar Dennis R MacDonald outlining the profound connections between the New Testament and classical Greek

poetry MacDonald argues that the Gospel writers borrowed from established literary sources to create stories about Jesus that readers of the day would find convincing In The Gospels and Homer MacDonald leads readers through Homer's Iliad and Odyssey highlighting models that the authors of the Gospel of Mark and Luke Acts may have imitated for their portrayals of Jesus and his earliest followers such as Paul The book applies mimesis criticism to show the popularity of the targets being imitated the distinctiveness in the Gospels and evidence that ancient readers recognized these similarities Using side by side comparisons the book provides English translations of Byzantine poetry that shows how Christian writers used lines from Homer to retell the life of Jesus The potential imitations include adventures and shipwrecks savages living in cages meals for thousands transfigurations visits from the dead blind seers and more MacDonald makes a compelling case that the Gospel writers successfully imitated the epics to provide their readers with heroes and an authoritative foundation for Christianity

Hellenistic Dimensions of the Gospel of Matthew Robert S. Kinney, 2016-04-11 In the search for Matthean theology scholars overwhelmingly approach the Gospel of Matthew as the the most Jewish Gospel Studies of its Sitz im Leben focus on its relationship to Judaism whether arguing from the perspective that Matthew wrote from a cloistered Jewish community or as the leader of a Gentile rebellion against such a Jewish community While this is undoubtedly an important and necessary discussion for understanding the Gospel it often assumes too much about the relationship between Judaism and Hellenism via Martin Hengel Robert S Kinney argues for a hybridized perspective in which Matthew's attention to Jewish sources and ideas is not denied but in which echoes of Greek and Roman sources can be observed focusing on identifying Matthew's use of rhetoric and its possible echoes of Greco Roman philosophical disciple gathering teachers
