

The Homosexual Agenda

EXPOSING THE PRINCIPLE THREAT TO RELIGIOUS FREEDOM TODAY

ALAN SEARS & CRAIG OSTEN

The Homosexual Agenda Exposing The Principal Threat To Religious Freedom Today

**Andreas J. Köstenberger, David W.
Jones**

The Homosexual Agenda Exposing The Principal Threat To Religious Freedom Today:

Same-sex Marriage Mathew D. Staver, 2004 Staver argues that the allowing of same sex marriages in San Francisco speaks to the homosexual agenda's cultural assault and the church's timidity in confronting it *Defending Same-Sex Marriage* Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples Progress is being made on many fronts mayoral action clergy officiating at same sex marriage and union ceremonies state legislative responses and street protests to name a few Meanwhile opposition to same sex marriage has also been gathering strength The struggle is sure to continue unabated for some time to come pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States

Moral Combat R. Marie Griffith, 2017-12-12 From an esteemed scholar of American religion and sexuality a sweeping account of the century of religious conflict that produced our culture wars Gay marriage transgender rights birth control sex is at the heart of many of the most divisive political issues of our age The origins of these conflicts historian R Marie Griffith argues lie in sharp disagreements that emerged among American Christians a century ago From the 1920s onward a once solid Christian consensus regarding gender roles and sexual morality began to crumble as liberal Protestants sparred with fundamentalists and Catholics over questions of obscenity sex education and abortion Both those who advocated for greater openness in sexual matters and those who resisted new sexual norms turned to politics to pursue their moral visions for the nation Moral Combat is a history of how the Christian consensus on sex unraveled and how this unraveling has made our political battles over sex so ferocious and so intractable

The Other Worldview Peter Jones, 2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we

depend entirely on one amazing thing the incredibly powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone *Christian Ethics (Revised Edition)* Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should Christians live when the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of other issues And on a very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne Grudem author of the bestselling book *Systematic Theology* draws on 40 years of teaching classes in ethics to write this wide ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God Written by Wayne Grudem Bestselling author of *Systematic Theology* and the *What the Bible Says About* series Biblical and Applicable Teaches readers how to protect 7 central tenets of God's law God's honor human authority life marriage property truth and purity of heart Accessible An ideal textbook for Christian college and seminary ethics classes with straightforward language and a bibliography for the topic at the end of each chapter Replaces ISBN 978 1 4335 4965 6

The Power Worshippers Katherine Stewart, 2020-03-03 The inspiration for the documentary *God Country* For readers of *Democracy in Chains* and *Dark Money* a revelatory investigation of the Religious Right's rise to political power For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues such as abortion and same sex marriage In her deeply reported investigation Katherine Stewart reveals a disturbing truth this is a political movement that seeks to gain power and to impose its vision on all of society America's religious nationalists aren't just fighting a culture war they are waging a political war on the norms and institutions of American democracy Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination She exposes a dense network of think tanks advocacy groups and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared anti democratic vision and a common will to power She follows the money that fuels this movement tracing much of it to a cadre of super wealthy ultraconservative donors and family foundations She shows that today's Christian nationalism is the fruit of a longstanding antidemocratic reactionary strain of American thought that draws on some of the most troubling episodes in America's past It forms common cause with a globe spanning movement that seeks to destroy liberal democracy and replace it with nationalist theocratic and autocratic forms of government around the world Religious nationalism is far more organized and better funded than most people realize It seeks to control all aspects of government and society Its successes have been stunning and its influence now extends to every aspect of American life from

the White House to state capitols from our schools to our hospitals The Power Worshipers is a brilliantly reported book of warning and a wake up call Stewart s probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms **The Electronic Church in the Digital Age**

Mark Ward Sr.,2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices Come Now, Let Us

Argue It Out Jon Burrow-Branine,2021-11 Come Now Let Us Argue It Out provides a look into a community that challenges common narratives about what it means to be LGBTQ and Christian in the contemporary United States Based on his participant observation fieldwork with a faith based organization called the Reformation Project Jon Burrow Branine provides an ethnography of how some LGBTQ and LGBTQ supportive Christians negotiate identity and difference and work to create change in evangelicalism Come Now Let Us Argue It Out tells the story of how this activism can be understood as a community of counter conduct Drawing on a concept proposed by the philosopher and historian Michel Foucault Burrow Branine documents everyday moments of agency and resistance that have the potential to form new politics ethics and ways of being as individuals in this community navigate the exclusionary politics of mainstream evangelical institutions culture and theology More broadly Burrow Branine considers the community s ongoing conversation about what it means to be LGBTQ and a Christian grappling with the politics of inclusion and representation in LGBTQ evangelical activism itself **The**

Right to Be Out Stuart Biegel,2010 God, Marriage, and Family (Second Edition) Andreas J. Köstenberger,David W. Jones,2010-05-05 The release of the landmark first edition of God Marriage and Family provided an integrated biblical treatment of God s purposes for the home Since then explain authors Andreas K stenberger and David Jones the crisis confronting modern households has only intensified and yet the solution remains the same obedience to and application of God s Word In the second edition of God Marriage and Family K stenberger and Jones explore the latest controversies cultural shifts and teachings within both the church and society and further apply Scripture s timeless principles to

contemporary issues This new edition includes an assessment of the family integrated church movement discussion of recent debates on corporal punishment singleness homosexuality and divorce and remarriage new sections on the theology of sex and the parenting of teens and updated bibliographies This book will prove to be a valuable resource for personal and group study Christian counseling and marriage and family courses
