THE HOMO- SEXUAL NETWORK

Parallel to, though slightly behind, the civil rights and militant feminist movements of the last twenty years, the activist gay rights movement has laid claim, with a surprising degree of success, to 1) the acceptance of homosexuality as a normal expression of human sexuality, and 2) full participation in the homosexual subculture as a legitimate lifestyle.

America's traditional beliefs have always condemned the practice of homosexuality. The Biblical injunctions against homosexuals have been considered absolute. Social convention once made even the mention of the subject taboo. Against such an historical background, the rise of the homosexual phenomenon is nothing short of revolutionary.

How has this revolution manifested itself? Thousands of "gay bars" where homosexuals congregate for social contacts and "pick-ups," "Baths" where they seek relief from their sexual urges. Respectable newspapers that advertise homosexual establishments featuring pornographic movies. Churches that ordain homosexual ministers and lend their facilities to "religious" groups that promote homosexual behavior. The establishment of homosexual "churches." Homosexual organizations have had the support of the White House and the practice of homosexuality has been declared "normal" by the psychiatric establishment. The Bible has been reinterpreted to give legitimacy to homosexuality, and in gay newspapers, male prostitutes freely advertise their availability.
