Atherton Patrick Carman,2008-08-11 Young Edgar finds a book that reveals secrets about Atherton the strictly divided world on which he lives even as geological changes threaten to shift the power structure that allows an elite few to live off the labor of others *The House of Power* Patrick Carman,2007-04-03 From the creator of the Land of Elyon comes a riveting adventure set in an extraordinary satellite world created as a refuge from a dying Earth that begins to collapse and forever change the lives of its inhabitants Edgar a gifted climber is a lonely boy scaling the perilous cliffs that separate the three realms of Atherton a humble fig grove a mysterious highland world of untold beauty and sinister secrets and a vast wasteland where he must confront an unspeakable danger that could destroy the people of Atherton When Edgar discovers a book which contains the history of Atherton s origins and ultimate apocalypse his world quite literally begins to turn inside out The House of Medici: Inheritance of Power Edward Charles,2015-08-18 Ever loyal Maddalena a diminutive blue eyed black slave has borne Cosimo de Medici a son and seen him rise to the position of cardinal Now late in life she finds herself committed to a convent as part of a scheme to protect the Medici bank from ruin by Cosimo s sons by hiding a fortune in gold for Cosimo s grandson Lorenzo to inherit But as the months go by and the gold does not appear her faith in Cosimo begins to wane and with it her confidence in her own worth Has she been duped Approaching old age she finds in the abbess a confessor which enables her to share her true story and perhaps at the same time convince herself that her life has been worthwhile But the abbess too has objectives of her own and the two of them may not be on the same side Edward Charles presents us here with the intrigue glamour wealth and deception of fifteenth century Florence One woman s devotion forms the foundation upon which the famed Medici bank was built The largest and most respected financial institution in Europe in it s prime it came to represent the might of the influential Medici clan a family of great power borne of Italy s gold a family who scaled the very heights of human grandeur but was to suffer through one of the most catastrophic financial crashes of early banking Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *The House of Scindias: A Saga of Power, Politics and Intrigue* Rasheed Kidwai,2021-06-07 RASHEED KIDWAI is a journalist author columnist and political analyst He is Visiting Fellow with the Observer Research Foundation Delhi Formerly Associate Editor at The Telegraph Kidwai is a keen observer of government politics community affairs and Hindi cinema *Gender, Power and Identity in the Early Modern House of Orange-Nassau* Susan Broomhall,Jacqueline Van Gent,2016-08-12 How do gender and power relationships affect the expression of family House and

dynastic identities The present study explores this question using a case study of the House of Orange Nassau whose extensive visual material and archival sources from both male and female members enable the authors to trace their complex attempts to express gain and maintain power in texts material culture and spaces as well as rituals acts and practices The book adopts several innovative approaches to the history of the Orange Nassau family and to familial and dynastic studies generally Firstly the authors analyse in detail a vast body of previously unexplored sources including correspondence artwork architectural horticultural and textual commissions ceremonies practices and individual actions that have surprisingly received little attention to date individually and consider these as the collective practices of a key early modern dynastic family They investigate new avenues about the meanings and practices of family and dynasty in the early modern period extending current research that focuses on dominant men to ask how women and subordinate men understood family and dynasty in what respects such notions were shared among members and how it might have been fractured and fashioned by individual experiences Adopting a transnational approach to the Nassau family the authors explore the family's self presentation across a range of languages cultures and historiographical traditions situating their representation of themselves as an influential House within an international context and offering a new vision of power as a gendered concept
