The Human Animal By La Barre Weston:

THE HUMAN ANIMAL WESTON LA BARRE, 1954

The Making of Psychological Anthropology George D.

Spindler, 2023-11-10 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 Who Is Man? Abraham Joshua Heschel, 1965 One of the world's most illustrious and influential theologians here confronts one of the crucial philosophical and religious questions of our time the nature and role of man In these three lectures originally delivered in somewhat different form as The Raymond Fred West Memorial Lectures at Stanford University in May 1963 Dr Heschel inquires into the logic of being human What is meant by being human What are the grounds on which to justify a human being's claim to being human In the author's words We have never been as openmouthed and inquisitive never as astonished and embarrassed at our ignorance about man We know what he makes but we do not know what he is or what to expect of him Is it not conceivable that our entire civilization is built upon a misinterpretation of man Or that the tragedy of man is due to the fact that he is a being who has forgotten the question Who is Man The failure to identify himself to know what is authentic human existence leads him to assume a false identity to pretending to be what he is unable to be or to not accepting what is at the very root of his being Ignorance about man is not lack of knowledge but false knowledge **The Sexual Revolution in Modern American Literature I.**

Glicksberg, 2012-12-06 1 The Dialectic of the Sex Motif in Literature Sex is a function of culture in literature today it plays only a small though aggressively righteous part Nature long held in bondage periodically breaks out in revolt but its victory is never complete In every society primitive as well as modern the sexual instinct is for good or evil always subject to some measure of regulation and restraint In literature where the battle between love and sex spirit and flesh is fought out in terms of symbolic action the writers support their cause for or against sexual freedom with varying degrees of evangelical ardor and outspokenness On this issue there is no unanimity for the simple reason that American culture is not unified in its beliefs concerning the nature of man The central conflict between instinctual needs and the claims of the ideal between physical desire and the inner check between Dionysus and Christ goes on all the time Sublimation is the cultural process whereby sexual energy is deflected from its biological source and diverted into spiritually higher and socially more useful channels But sublimation is for most men hard to achieve As civilization grows more complex the individual is exposed to a series of increasingly severe moral strains Pitted against Nature while subject to its laws he must henceforth be governed in his behavior by inner as well as outer controls The Human Cost of a Management Failure Seth Allcorn, Howell S.

Baum, Michael A. Diamond, Howard F. Stein, 1996-03-20 This book presents a unique in depth examination of the effects that the popular approaches to management organizational change downsizing restructuring and reengineering had on a major

American hospital The Human Cost of a Management Failure shows what can happen when management insists on accomplishing its ends strictly by the numbers The authors ask why top management so often and with seemingly such a cavalier attitude selects downsizing and similar methods when research indicates that they are all too often such poor choices Based on a year long longitudinal study Allcorn Baum Diamond and Stein report on their interviews with 23 senior and mid level hospital administrators then interpret their findings from a psychoanalytic perspective to make clear that the human side of the workplace can only be ignored at great risk when change is contemplated and then implemented This is essential reading not only for corporate management but also for other professionals and academics throughout the social and behavioral sciences Readers of The Human Cost of a Management Failure are oriented to the literature on downsizing restructuring and reengineering and to the context of the study Case material follows enabling readers to draw their own conclusions with regard to the nature of the organizational change and its effects upon the hospital s employees and consultants offer their own viewpoints An update of events at the hospital after the study was conducted is provided along with summaries by each author of his own interpretation and how he interprets the others views In this way readers will get an unusual opportunity to evaluate their own viewpoints against those of the psychoanalytically trained researchers and to decide for themselves whether there are in fact better ways to make an organization economically competitive in the marketplace

Freud Paul Roazen, Sigmund Freud had broad ambitions about what psychoanalysis could add to human thought But Freutfs own writings have rarely been assessed within the perspective of political philosophy Political theorists will find in the school Freud established a rich storehouse of ideas For us to link up with what Freud was saying means to join in the great conversation about what the ends of the just society should be as well as what a fully developed person might be like Written more than twenty years ago the central interpretive theses found in Freud Political and Social Thought still ring true In his new introduction to this classic text Paul Roazen contends that today from the point of view of intellectual history Freud looms as a subject in an even larger way than he did back in the 1960s His thinking has impinged for good or ill on how we think about character and the nature of human impulses Privacy itself has been affected so much so that political candidates now feel free to use intimate material from private life for manipulative public purposes Yet after all this time political scientists remain reluctant to entertain the need to explore the psychological dimension of all political events Without reducing politics to psychoanalysis or inflating psychological categories to embrace all of politics Roazen provides an introductory look at the field of psychoanalysis By bringing together the different disciplines of psychology and politics he breaks through parochialism Roazen is no advocate for psychoanalysis but believes that analysts have as much to learn from social science as the other way around This volume is proof that at its best political theory has to be inherently interdisciplinary As such this volume will be of interest to intellectual historians psychoanalysts and political theorists

George C. Homans A Javier Treviño, Charles Tilly, 2015-11-17 George C Homans History Theory and Method offers

original essays written by scholars from the fields of sociology history anthropology and literature with the aim of assessing Homans s rich and diverse intellectual contributions It is the first volume in over thirty years to offer a reappraisal of the life and work of one of the twentieth century s leading social scientists *Gender and Culture* , Based on a study of the Israeli kibbutz movement Gender and Culture discusses the differences in male and female orientations to marriage the family and work Spiro describes the counterrevolution in the kibbutz movement as it evolved over a quarter century period He addresses questions concerning the perennial issue of the universal and the particular in female and male psychology A special feature of this book is its historical and anthropological approach Studying the same community after a twenty five year interval enables readers to observe the children of the first study as adults in the follow up study Melford E Spiro is the author *Counseling Techniques for Mature Women* ,1966 **Dreams in Greek Tragedy** George Devereux,1976-01-01
