The Human Race

V. Alexeev

The Human Race:

A Brief History of the Human Race Michael Cook, 2003 Why has human history been crowded into the last few thousand years Why has it happened at all Could it have happened in a radically different way What should we make of the disproportionate role of the West in shaping the world we currently live in This witty intelligent hopscotch through human history addresses these questions and more Michael Cook sifts the human career on earth for the most telling nuggets and then uses them to elucidate the whole From the calendars of Mesoamerica and the temple courtesans of medieval India to the intricacies of marriage among an aboriginal Australian tribe Cook explains the sometimes eccentric variety in human cultural expression He guides us from the prehistoric origins of human history across the globe through the increasing unification of the world first by Muslims and then by European Christians in the modern period illuminating the contingencies that have governed broad historical change A smart literate survey of human life from paleolithic times until 9 11 Edward Rothstein The New York Times

The Origin and Evolution of the Human Race Albert Churchward, 2014-03-30 This Is A New Release Of The Original 1922 Edition

The Invisible History of the Human Race Christine Kenneally, 2015-01-29 A New York Times Notable Book of 2014

We are doomed to repeat history if we fail to learn from it but how are we affected by the forces that are invisible to us What role does Neanderthal DNA play in our genetic makeup How did the theory of eugenics embraced by Nazi Germany first develop How is trust passed down in Africa and silence inherited in Tasmania How are private companies like Ancestry com uncovering preserving and potentially editing the past In *The Invisible History of the Human Race* Christine Kenneally reveals that remarkably it is not only our biological history that is coded in our DNA but also our social history She breaks down myths of determinism and draws on cutting edge research to explore how both historical artefacts and our DNA tell us where we have come from and where we may be going

Revival: Origin and Evolution of the Human Race (1921)

Albert Churchwood, 2018-01-17 Where and when did man make his first appearance on this earth The object of this book is to bring before the public such further facts and values regarding the evolution of man After studies Churchwood made during many years he is now fully convinced that the hitherto preconceived ideas of many scientists regarding the origin of the human race both as to place and date are erroneous and evidence will be brought forward to prove that the human race did not originate in Asia but in Africa

Ultimate Deceit of the Human Race Ezzrath Baht Shem, 2001-02 *Ultimate Deceit of the Human Race* exposes truth about religion s divisive vengeful and jealous God dogma focusing primarily on Christianity Judaism and Islam She presents new thought and reasoning to replace destructive belief patterns in hopes of establishing love compassion and unity among all human beings irregardless of race religion nationality or sex
