The Dark Light Years:

The Dark Light Years Brian Wilson Aldiss, 1979 **The Dark Light Years** Brian W. Aldiss, 2014-04-01 A strange alien species forces us to question our definition of civilization in this biting satire from the Grand Master of Science Fiction What would intelligent life forms on another planet look like Would they walk upright Would they wear clothes Or would they be hulking creatures on six legs that wallow in their own excrement Upon first contact with the Utod intelligent pacifist beings who feel no pain mankind instantly views these aliens as animals because of their unhygienic customs This leads to the slaughter capture and dissection of the Utod But when one explorer recognizes the intelligence behind their habits he must reevaluate what it actually means to be intelligent **The Dark Light Years** Brian Aldiss, 2025-11-20 The Utods appear to be massive animal like creatures wallowing in their own filth And yet they possess physical and mental powers unknown to man and their world is one of complex philosophy and amazing technology When interstellar explorers capture a number of Utods it seems strange that they cannot communicate with them whilst somehow their own ideas communicated themselves to the Utods all too easily Now Earth is devastated by a terrible conflict of its own making **The DarkLight: Commando Inc.** C. J. Daniels, 2022-03-23 It's a future of hope and prosperity throughout the known star systems The Earth Alliance has maintained an uneasy peace with alien races across the galaxy but even its mighty starfleet can't hold back the raiders who have fought for control of the outer sectors and set their sights closer to the Terran controlled systems Commando Inc was created to tackle those issues in which the Alliance was incapable of dealing with From their secret base buried deep within an asteroid former covert military operative Mark Carson and his team aboard the sentient starship Pulsar is all that stand between humanity and a never ending darkness Now an ancient horror has awoken and found its way into our galaxy It's a threat that neither the Alliance nor Commando Inc are prepared to face or comprehend Planet by planet the Alliance begins to fall Friends become enemies as the future of Earth and the entire galaxy are at stake Time is running out No one is who they appear to be The Alliance military is powerless Mark Carson and his team are Earth's only hope but how can they defeat an alien horror when they can't even trust their own *Brian Aldiss* Michael R. Collings, 1986-01-01 A guide to Aldiss's fictional output from the 50s to the 80s Dark Light Ken MacLeod, 2004-06-01 In this science fiction sequel to *Cosmonaut* Keep a human and his friends travel to another planet to interrogate gods and solve a mystery Intelligence it turns out is rare on planetary surfaces It thrives everywhere else from the Oort cloud fringes of star systems to the magma furnaces beneath planetary crusts And among the most powerful of the galaxy's intelligences there are profound differences of opinion about how to deal with surface life forms such as human beings For untold light years from Earth the powers that rule the universe have been for millennia plucking humans and other intelligent beings from Earth and forcibly resettling them in a number of star systems close to one another leaving them to develop on their own A few generations ago a small cadre of humans from Earth's twenty first century arrived in this Second Sphere on their own power the first humans ever to do so Their

descendants have formed the Cosmonaut class that dominates Mingulay Now two hundred years later Gregor Cairns and a small group of associates have rediscovered faster than light travel and traveled to the star system next door They re determined to find more of the original mysteriously long lived cosmonauts They want answers And for those answers they intend to interrogate the gods **Dark Light Years** Brian Wilson Aldiss, Do Not Use Do Not Use, 1964-05 **The Dark**
