So You Think You Can Think Otto B. Toews,2017-10-26 In our complex world how can we learn to think through moral dilemmas in the pursuit of justice How do the words we associate with morality impact our understanding and application of it In short how can we enact equal measures of fairness among family members friends and strangers These are the troubling questions that guide Dr Otto Toews as he critically engages with the language of morality and uncovers what is lacking in our conversations about fairness Using a Principled Thinking Model for resolving everyday moral dilemmas Toews identifies five basic categories that are necessary for moral thinking duty rights motive desert and justice Combining this research with Nel Nodding s seminal work on caring Toews concludes that while it is vital that we practice thinking through moral dilemmas the key to attaining universal justice and fairness lies in our sense of fellow feeling or empathy Toews argues that without the urgency and energy prompted by a sense of concern for others thinking through moral dilemmas will remain insufficient in fostering an ethical world Throughout the book Toews augments his research by providing hypothetical scenarios involving two teachers Bill and Mae They engage in spirited debates over how duty rights motive desert and justice apply to issues such as education cyber bullying mental illness reconciliation and more Again and again Bill and Mae are caught up by the power of empathy demonstrating the urgent need to care for others It is through their dialogues that Toews has designed a brilliant way for us to witness moral thinking in action giving us the language we need to navigate it and preparing us for the countless types of conflicts we encounter every day
