Strategy and Tactics of the Salvadoran FMLN Guerrillas Gustavo Perdomo, David E. Spencer, 1995-05-23 This book examines the military organization strategy and tactics of the Salvadoran FMLN guerrillas during their efforts to overthrow the government. It is largely based on the author's personal collections of guerrilla documents captured in the war, interviews with former and captured guerrillas, and personal combat experience during one of the fiercest wars fought in the Western hemisphere in the 20th century. The book describes the guerrilla tactics from a technical point of view and their evolution during the war in El Salvador. It includes discussions of such tactical concepts as concentration and deconcentration, urban combat, anti-air defense, the use of mines and homemade weapons. It contains a chapter on the FMLN special forces, which were responsible for most of the spectacular attacks of the war, and it examines the sophisticated logistical system of the FMLN that made the prolonged war possible. Wherever possible, these concepts are illustrated by actual combat experiences from sources on both sides of the conflict. An important text for all concerned with guerrilla warfare and counterinsurgency. Latin Americanists and students of the developing world will also find much of interest. She has been the subject of plays, a feature film, scholarly conferences, books, and articles. Nobel Laureate poet Octavio Paz has called her one of the great poets of the Spanish language and considers her *Response to Sor Philotea de la Cruz* to be the first intellectual autobiography in the Hispanic world. At her death in 1695, Sor Juana was an internationally known poet, dramatist, and religious writer. Today she is still considered an exceptional lyric poet and one of the great writers of Spain's *siglo de oro* (its Golden Age of drama). Included here are religious songs and devotional poetry, Sor Juana's sacramental drama and preface play *Divine Narcissus*, two devotional works, first English translation, *Devotional Exercises for the Feast of the Incarnation* and *Offerings for the Sorrows of Our Lady*, a theological disputation, *Critique of a Sermon*, *Athenagoric Letter*, and her autobiographical *Response to Sor Philotea de la Cruz*. Sor Juana Inés de la Cruz *Selected Religious Works* in the *Classics of Western Spirituality Series* is essential reading for those interested in great literary figures, religious studies, and women's history. Emergent Strategy and Grand Strategy Ionut Popescu, 2017-11-15 What if successful strategies are sometimes formed through an emergent process of learning and adaptation? Is following a coherent grand strategy the key to achieving successful outcomes in American foreign policy? For many experts in academia and Washington, the answer is yes. Policymakers usually face criticism when they take incremental actions based on short-term considerations. But could such actions actually converge into a successful emergent strategy over time? Ionut Popescu

conclusively shows that in some cases an emergent learning model leads to better overall strategic performance than a long term strategic plan or framework Popescu argues that it is time to rethink the origins of some of the most important successes and failures of America s tenure as a global superpower after World War II Presenting empirical data culled from archival research and interviews with higher ups Popescu covers eight US presidential administrations ranging from Truman to Obama to demonstrate that senior policymakers should be skeptical of the idea that formulating and implementing a long term grand strategy is the road to a successful foreign policy legacy Instead the book asserts leaders should prioritize learning from the almost unavoidable mistakes they will make early in their careers and adapting their plans to unanticipated events and changes in the international environment Emergent Strategy and Grand Strategy thus offers both scholars and practitioners of foreign policy an original theoretical framework to explain strategic success

The Three Secular Plays of Sor Juana Inés de la Cruz Guillermo Schmidhuber, 2021-12-14 Sor Juana Inés de la Cruz 1648-1695 wrote poetry, prose, and plays and is considered the greatest of Mexican women writers She was an intellectual prodigy, reportedly mastering Latin in twenty lessons and at sixteen she entered a convent so that she might continue her learning One of the most influential early feminists in the New World she answered a bishop s criticism in a letter that has become a classic defense of the education of women She collected a private library of 4,000 volumes but when she was told that her studies were delaying the progress of her spiritual education she gave away her books and devoted herself to religious studies Traditionally scholars have attributed only one complete play to Sor Juana but in 1989 Guillermo Schmidhuber discovered a lost play, *The Second Celestina*, which he proved conclusively to be Sor Juana s earliest comedy co-authored with Agustín Salazar y Torres Schmidhuber s critical study is the first dedicated exclusively to the secular plays and the first to confirm Sor Juana s authorship of three dramatic pieces Combining literary history and criticism Schmidhuber explores the life and originality of Sor Juana s dramas and helps elucidate her enigmatic genius Though Sor Juana s work as a poet and intellectual has received increasing attention in the last decade, writing about her has rarely taken into account her role as dramatist Schmidhuber helps correct this critical imbalance by examining Sor Juana s plays in light of dramatic theory He finds elements of both mannerist and baroque theater in her work, sometimes both within the same play
