The Deserts Of Hesperides An Experience Of Libya:

The Deserts of Hesperides Anthony Thwaite, 2015-06-01 This book is a record of my life in and reactions to Libya during the two periods I have lived there first as a British army conscript in Tripolitania from June 1950 to July 1951 then as a university teacher in Cyrenaica from September 1965 to July 1967 That there is a connection between the two that my second stay was the result of my first quickly becomes apparent To revisit a Land of Lost Content is supposed to be a mistake and I dare say it generally is One thinks of those public school Captains of Games who on leaving university tunnel back as quickly as possible into the golden world of youth by returning to those same public schools as masters and spend the rest of their lives training up new Captains of Games But my return to Libya was different partly because at thirty five I was quite aware of the illusions of twenty and partly because I came not to Tripolitania the western province of the country but to Cyrenaica in the east which I had never seen before And in Benghazi I settled down with my family and became part of a Libyan institution rather than being a single soldier forced by circumstance on to the periphery of Libyan life No one has yet written a wholly satisfactory book about Libya the journals of nineteenth century and later desert travellers war memoirs archaeological monographs economic and sociological surveys accounts such as Gwyn Williams s Green Mountain and Agnes Newton Keith s Children of Allah many of these give attractive and interesting glimpses but all are in some way narrow and partial I can t suppose that my own account is any less so but I hope that at any rate it gives some sense of the feel of this huge and still little known country so close to Europe and yet so remote If there are more ruins than oil rigs in the book that is a matter of my own antiquarian tastes if there seem to be more ruins than people I have little to fall back on but that remark of Rose Macaulay s that she often found ruins more interesting than people Ignorance dictates my sub title this book is an experience a personal one and does not set out to be authoritative and definitive **“The” Deserts of Hesperides**

Historical Dictionary of Libya Ronald Bruce St John, 2023-03-15 Of all the countries in North Africa and the Middle East less has been known about Libya for decades Only recently have we begun to appreciate the complexity of Libya's turbulent past including the revolution in 2011 in which demands for better living conditions and more job opportunities led to widespread protests When the Muammar al Qaddafi regime responded with force to these peaceful protests killing scores of unarmed civilians the protesters called for regime change In what came to be known as the February 17 Revolution the 42 year old Qaddafi regime was overthrown and Qaddafi was killed in October 2011 Over the next decade Libya endured a series of interim transitional governments in a prolonged struggle to draft a new constitution and to elect a democratic national government Historical Dictionary of Libya Sixth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Libya

Libya John Wright, 2022-08-30 First published in 1981 Libya A Modern History traces the history of Libya from 1900 to 1980 showing how its first monarchic constitution was modelled by the UN Commission and survived precariously until the military coup of 1969 The author traces both internal and foreign policy in detail devoting over half the book to the rule of Colonel Gaddafi in one of the few independent accounts of the Jamahiriya He demonstrates the roots of Gaddafi's ideology in ancient Libyan traditions while defining the unique elements of his regime with its militarism and unorthodox diplomacy He analyses the roots of Jamahiriya's strength in the oil of the desert and provides statistics on population and economy It is a comprehensive treatment of a nation that is sui generis among the Arab countries This is an important read for students and scholars of international relations African studies African history and Geopolitics

Tribalism and Democracy in Libya Rawia Ben Khayal, 2025-09-05 This book examines the political and social role of tribes in post Gaddafi Libya focusing on the current democratic state building process It integrates both quantitative and qualitative research methods including a survey of 1 000 respondents and in depth interviews with 14 prominent Libyan figures The study is supported by a comprehensive review of the historical development of Libyan tribes revealing their longstanding prominence in local governance Drawing from various International Relations IR theories such as Realism

Constructivism Liberalism and Feminism and interdisciplinary fields like anthropology history psychology and literature the book argues that while tribalism can challenge democratic state building especially in areas like national security and individual rights it also provides vital social cohesion or asabbiyyah which is crucial for Libyan national identity The book s originality lies in its interdisciplinary approach exploring tribalism s impact not only on Libya s internal politics but also its international relations It introduces concepts like liminality and tribal ambiguity to explain the complex and often contradictory attitudes towards tribalism in modern Libyan society This analysis challenges Libyan readers to confront their ambivalence towards tribalism and reflects on its role in shaping Libya s future as it strives for democracy and global integration

The Burning Shores Frederic Wehrey, 2018-04-17 A riveting beautifully crafted account of Libya after Qadhafi The death of Colonel Muammar Qadhafi freed Libya from forty two years of despotic rule raising hopes for a new era But in the aftermath the country descended into bitter rivalries and civil war paving the way for the Islamic State and a catastrophic migrant crisis In a fast paced narrative that blends frontline reporting analysis and history Frederic Wehrey tells the story of what went wrong An Arabic speaking Middle East scholar Wehrey interviewed the key actors in Libya and paints vivid portraits of lives upended by a country in turmoil the once hopeful activists murdered or exiled revolutionaries transformed into militia bosses or jihadist recruits an aging general who promises salvation from the chaos in exchange for a return to the old authoritarianism He traveled where few Westerners have gone from the shattered city of Benghazi birthplace of the revolution to the lawless Sahara to the coastal stronghold of the Islamic State in Qadhafi s hometown of Sirt He chronicles the American and international missteps after the dictator s death that hastened the country s unraveling Written with bravura based on daring reportage and informed by deep knowledge The Burning Shores is the definitive account of Libya s fall

Culture and Customs of Libya Jason Morgan, Toyin Falola, Bukola A. Oyeniyi, 2012-05-03 Ideal for high school students and undergraduates this volume explores contemporary life and culture in Libya Libya is one of Africa s largest nations but its topography is dominated by a huge southern desert with some of the hottest temperatures recorded anywhere in the world Culture and Customs of Libya explores the daily lives of the 90 million men women and children who struggle to get by in this authoritarian state where only a fraction of the land is arable and 90 percent of the people live in less than 10 percent of the area primarily along the Mediterranean coast In this comprehensive overview of modern Libyan life readers can explore topics such as religion contemporary literature media art housing music and dance They will learn about education and employment and will see how traditions and customs of the past including those from Libya s long domination by the Ottoman Empire and 40 years as an Italian colony are kept alive or have evolved to fit into today s modern age

The Experience of Expatriate English Language Teaching David B. Wilson, 2025-05-24 This is a unique applied linguistic study which demonstrates that the history of TEFLers is very different from the history of TEFL Instead of studying theories of language learning and teaching it explores the experience of being a TEFLer through the ages using a wide range

of fictional and fictive sources novels plays biographies memoirs essays and poems Part One considers the present and recent past through an analysis of 15 fictional works and five memoirs Part Two is concerned with the experiences of some historical iconic figures from the world of TEFL beginning with the sixteenth century and ending with figures associated with the British Council and International House Along the way one meets Victorian governesses Berlitz teachers and literary figures from the inter War Golden Age of travel Interposed are some of the experiences of the author garnered during his long and varied career as an expatriate TEFLer

The B. S. Johnson - Zulfikar Ghose Correspondence Vanessa Guignery, 2015-04-01 From 1959 to 1973 the writers B S Johnson and Zulfikar Ghose regularly wrote letters to each other in which they discussed their own work and literary preoccupations They exchanged early drafts of poems short stories plays and novels and their correspondence contains detailed comments and extended analyses of these texts as well as illuminating reflections on literature criticism poetics and aesthetics Though much of the correspondence is an extended literary discussion it also contains moments of personal revelation jokes and anecdotes so that the letters with their surprising asides are enjoyable to read even as they inform with their biographical and intellectual content The two authors also frequently refer to the university poetry journals and literary magazines they contributed to or edited and they write about the poetry meetings they attended and the writers they met or read Their involvement in literary groups and their dealings with publishers editors and agents are indicative of the publishing mechanisms of the time This correspondence thus not only provides insight into the work of both B S Johnson and Zulfikar Ghose but also conjures up a comprehensive picture of the London literary world of the 1960s
