The Destiny Of Isabelle Eberhardt:

The Destiny of Isabelle Eberhardt Cecily Mackworth, 1975 **Isabelle Eberhardt and North Africa** Lynda Chouiten, 2014-11-12 As a woman who traversed the North African Orient in male costume who spoke Arabic as well as French and who professed Islam while transgressing many of its instructions Isabelle Eberhardt seems to fit within Mikhail Bakhtin's definition of the carnivalesque as the impulse to blend that which is usually kept separate by artificial boundaries and hierarchies Nevertheless this study demonstrates that her evolution in the Maghreb is carnivalesque only in appearance Despite her transvestism the writer left unquestioned the traditional definitions of masculinity and femininity it is her subscription to the patriarchal equation of maleness with power and womanhood with weakness which makes her borrow a masculine identity In a similar way her appropriation of several elements of Oriental culture does not prevent her from reproducing age old Orientalist stereotypes As portrayed in her texts the natives are either aestheticized as picturesque figures from a bygone age or denigrated as uncivilized dark minded creatures And because Orientalism as Edward Said has famously argued is but a textual manifestation of colonialism Eberhardt's Orientalist texts make her the accomplice of the colonialist project a project which she also served by acting as a mediator between General Lyautey and native tribes In discussing Eberhardt's involvement in the colonial mission and her perpetuation of the patriarchal and Orientalist traditions this study questions the image of rebel figure that is usually assigned to her Instead it shows the writer's literary and political gestures to be embedded in a marked quest for empowerment through the double literary and political conquest of the Orient

Feminism and Documentary Diane Waldman, Janet Walker, 1999 Documentary and feminist film studies have long been separate or parallel universes that need to converse or collide The essays in this volume written by prominent scholars and filmmakers demonstrate the challenges that feminist perspectives pose for documentary theory history and practice They also show how fuller attention to documentary enriches and complicates feminist theory especially regarding the relationship between gender and sexuality race and ethnicity class and nation **Feminism and Documentary** begins with a substantial historical introduction that highlights several of the specific areas that contributors address debates over realism the relationship between filmmaker and subject historical thinking about documentary and thinking about the historical documentary biography and autobiography and the use of psychoanalysis Other essays most of which appear here for the first time range from broad overviews to close analyses of particular films and videos and from discussions of well known works such as *Roger and Me* and *Don't Look Back* to lesser known texts that might revise the canon The collection includes an extensive filmography and videography with useful distribution information and a bibliography of work in this neglected area of scholarship Lucid sophisticated and eye opening this book will galvanize documentary studies and demonstrate the need for women's and cultural studies to grapple with visual media what cu

Writings from the Sand, Volume 1 Isabelle Eberhardt, 2012-05-01 Collects the author's works offering a view of the culture and people of French Algeria rarely

seen by outsiders The Production of the Muslim Woman Lamia Ben Youssef Zayzafoon, 2005-01-01 In this fascinating and important study Lamia Ben Youssef Zayzafoon examines how the Muslim woman was produced as a fixed category to serve various ideological and political ends The Production of the Muslim Woman enriches the debate in Islamic and gender studies arguing that the traditional perception of a division between spiritual Islam and a misogynist Arab culture is a recent construct derived from the rhetoric of cultural liberalism in the West In addition to incorporating the discourses of Maghrebian feminism female orientalism French psychoanalytic feminism and North African nationalism this book introduces to an Anglophone audience archival material culled from extensive research in Tunisian collections The insights offered by this book will be invaluable to students of postcolonial thought and theory gender studies Maghrebian literature and history and Middle Eastern studies **Writings from the Sand, Volume 2** Isabelle Eberhardt, 2012-01-01 Collects the author's works offering a view of the culture and people of French Algeria rarely seen by outsiders Western Women and Imperialism Nupur Chaudhuri, Margaret Strobel, 1992-05-22 Western Women and Imperialism provides fascinating insights into interactions and attitudes between western and non western women mainly in the 19th and early 20th centuries It is an important contribution to the field of women's studies and primarily British imperial history in that many of the essays explore problems of cross cultural interaction that have been heretofore ignored Nancy Fix Anderson A challenging anthology in which a multiplicity of authors sheds new light on the waves of missionaries memsahibs nurses and feminists Ms a long overdue engagement with colonial discourse and feminism excellent essays The Year's Work in Critical Cultural Theory *The Oxford Encyclopedia of Women in World History* Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to
