The Detroit Riot Of 1967:

The Detroit Riot of 1967 Hubert G. Locke, 2017-07-03 Eyewitness account of the civil disorder in Detroit in the summer of 1967 During the last days of July 1967 Detroit experienced a week of devastating urban collapse one of the worst civil disorders in twentieth century America Forty three people were killed over 50 million in property was destroyed and the city itself was left in a state of panic and confusion the scars of which are still present today Now for the first time in paperback and with a new reflective essay that examines the events a half century later The Detroit Riot of 1967 originally published in 1969 is the story of that terrible experience as told from the perspective of Hubert G Locke then administrative aide to Detroit s police commissioner The book covers the week between the riot s outbreak and the aftermath thereof An hour by hour account is given of the looting arson and sniping as well as the problems faced by the police National Guard and federal troops who struggled to restore order Locke goes on to address the situation as outlined by the courts and the response of the community including the media social and religious agencies and civic and political leadership Finally Locke looks at the attempt of white leadership to forge a new alliance with a rising militant black population the shifts in political perspectives within the black community itself and the growing polarization of black and white sentiment in a city that had previously received national recognition as a model community in race relations The Detroit Riot of 1967 explores many of the critical questions that confront contemporary urban America and offers observations on the problems of the police system and substantive suggestions on redefining urban law enforcement in American society Locke argues that Detroit and every other city in America is in a race with time and thus far losing the battle It has been fifty years since the riot and federal policies are needed now more than ever that will help to protect the future of urban America **Turning Points** Herb
