Profit,2014-08-15 Rather than theoretical or abstract above all else this monograph endeavors to serve as a practical guide a handbook for helping us navigate a dark terrain It neither presumes to examine the sources of evil nor suggest radical cures These pages strive only to continue the process of naming the signs of individual evil that we might recognize these persons before they inflict even more damage Scott Peck says it best If evil were easy to recognize identify and manage there would be no need for this book Of course he was referring to his own pioneering treatise given the realities of our day the need remains as great as ever Vera B Profit is Professor of German and Comparative Literature University of Notre Dame Previous monographs include Interpretations of Iwan Goll s late Poetry with a comprehensive and annotated Bibliography of the Writings by and about Iwan Goll Ein Portr t meiner Selbst Karl Krolow s Autobiographical Poems 1945 1958 and Their French Sources Menschlich Gespr che mit Karl Krolow She earned her Ph D in Comparative Literature French and German at the University of Rochester NY and spent two years studying abroad one at the University of Vienna the other at the Sorbonne *Worm* Tim Curran,2017-12-12 On Pine Street the houses begin to shake The earth begins to move The streets crack open and yards split asunder and rising from subterranean depths far below a viscid black muck bubbles up and floods the neighborhood In it are a ravenous army of gigantic worms seeking human flesh They wash into houses they come up through the sewers through plumbing filling toilets and tubs seeking human prey Cut off from the rest of the town the people of Pine Street must wage a war of survival or they ll never see morning As bad as the worms are there s something worse and far larger waiting to emerge **In the Flesh** Tim Curran,2018-01-03 Available for the first time in a collection three of Tim Curran s novellas *Worm* *Blackout* and *The Underdwelling* **WORM** On Pine Street the houses begin to shake The earth begins to move The streets crack open and yards split asunder and rising from subterranean depths far below a viscid black muck bubbles up and floods the neighborhood In it are a ravenous army of gigantic worms seeking human flesh They wash into houses they come up through the sewers through plumbing filling toilets and tubs seeking human prey Cut off from the rest of the town the people of Pine Street must wage a war of survival or they ll never see morning As bad as the worms are there s something worse and far larger waiting to emerge **BLACKOUT** In the midst of a beautiful summer in a perfectly American

suburban middle class neighborhood a faraway evil is lurking waiting to strike the unsuspecting residents First come the flashing lights then the heavy rains high winds and finally a total blackout But that s only the beginning When the whipping black tentacles fall from the sky and begin snatching people at random the denizens of Piccamore Way must discover the terrifying truth of what these beings have planned for the human race THE UNDERDWELLING With a kid on the way Boyd needed the job bad But the idea of going underground at the Hobart Mine down into the dark labyrinth of tunnels to get at the raw ore left him with a brooding sense of unease Maybe it was the fact that his father had died down in the mines or maybe it was something much worse Digging a new drift down in Level 8 the lowest level of the mine an immense shaft opens up Boyd and a few others volunteer to explore it Some 400 feet down they find a passage that leads to an immense cavern from prehistory A petrified world A prehistoric graveyard Then a cave in traps them down there In the darkness and dank shadows of a fossilized world they realize they are not alone Something has woken in the stone Something ancient and terrible and coldly intelligent And it is lonely *The American Flint* ,1919 **Tenebris** Tim Curran,2018-01-04 It comes out of the night It kills with animal stealth and viciousness but with an almost human capacity for cruelty and sadism And this time it has left a witness Jim Duchane watched it kill his two best friends Now tormented by their deaths and skeptical of his own memories of that awful night he is approached by two fringe monster hunters who are desperate to track the beast With his help they will hunt down a monster of Native American folklore whose very existence belies a terrible biological reality And it may be the worse mistake Jim has ever made **The United States of Paranoia** Jesse Walker,2014-10-14 A superb analysis of American paranoia a terrific measured objective study of one of American culture s most loaded topics Publishers Weekly starred review Conspiracies have been woven through America s social tapestry since the beginning of its history The United States of Paranoia is a unique and fascinating look at how these commonly held beliefs true or not have helped shape the American cultural imagination Using examples from colonial times to today Jesse Walker makes the compelling argument that paranoia doesn t just exist on the fringe of society but is at the core of our national identity Walker doesn t focus on proving or disproving a particular theory Synthesizing intensive archival research in a pulp fiction narrative he explores the myths that haunt our nation breaking them into five distinct categories The Enemy Outside The Enemy Within The Enemy Above The Enemy Below and The Benevolent Conspiracy From J Edgar Hoover s FBI to Watergate the Matrix phenomenon to the Birthers Walker reveals how national myths have influenced our lives including our view of ourselves and our government He also identifies and explores the little recognized rise of a subculture obsessed not with one single myth or another but in the notion of the conspiracy phenomenon itself This growing obsession Walker attests offers profound insight into what it means to be American Free floating fear and half baked ideas about what s really going on have been a more significant part of American history than is generally accepted according to Jesse Walker s thorough meticulously researched book Vice A remarkably comprehensive wide ranging look at the way American culture politics religion and social structure have been
