The Dickens Myth Its Genesis And Structure:

The Dickens Myth Geoffrey Thurley, 1976-01-01 **The Dickens Industry** Laurence W. Mazzeno, 2008 The story of the surprisingly fluctuating critical reputation of one of the great writers of the English language Undoubtedly the best selling author of his day and well loved by readers in succeeding generations Charles Dickens was not always a favorite among critics Celebrated for his novels advocating social reform for half a century after his death he was ridiculed by those academics who condescended to write about him Only the faithful band of devotees who called themselves Dickensians kept alive an interest in his work Then during the Second World War he was resurrected by critics and was soon being hailed as the foremost writer of his age a literary genius alongside Shakespeare and Milton More recently Dickens has again been taken to task by a new breed of literary theorists who fault his chauvinism and imperialist attitudes Whether he has been adored or despised however one thing is certain no other Victorian novelist has generated more critical commentary This book traces Dickens's reputation from the earliest reviews through the work of early 21st century commentators showing how judgments of Dickens changed with new standards for evaluating fiction Mazzeno balances attention to prominent critics from the late 19th century through the first three quarters of the 20th with an emphasis on the past three decades during which literary theory has opened up new ways of reading Dickens What becomes clear is that in attempting to provide fresh insight into Dickens's writings critics often reveal as much about the predilections of their own age as they do about the novelist Laurence W Mazzeno is President Emeritus of Alvernia University Reading Pennsylvania **Dickens and the Despised Mother** Shale Preston, 2013-01-25 This work offers an original interpretation of the mothers of the protagonists in Dickens's autobiographical novels Taking Julia Kristeva's psychoanalytic concept of abjection and Mary Douglas's anthropological analysis of pollution as its conceptual framework the book argues that Dickens's primary emotional response towards the mother who abandoned him to work in a blacking warehouse was disgust and suggests that we can trace similar signs of disgust in the narrators of his fictional autobiographies David Copperfield Bleak House and Great Expectations The author provides a close reading of Dickens's autobiographical fragment and opens up the possibility that Dickens's feelings towards his mother actually bore a significant influence on his fiction The book closes with a provocative discussion of Dickens's compulsive Sikes and Nancy public readings Routledge Revivals: Barnaby Rudge (1987) Thomas Jackson Rice, 2018-02-01 Originally published in 1987 Barnaby Rudge is a comprehensive collection of bibliographical resources surrounding Dickens's fifth novel Barnaby Rudge The book addresses what the author terms a prevalent lack of research surrounding the novel The collection lists bibliographic references which not only looks at the novel itself but also covers older resources that interested Dickens's first critics such as the originality of the settings and characters The book's core focus is examining the novel's historical subject matter in the context of the social and political context in which it was written The book acts as a core resource for research on Barnaby Rudge **English Fiction of the Victorian Period**

Michael Wheeler, 2014-01-14 Professor Wheeler's widely acclaimed survey of the nineteenth century fiction covers both the major writers and their works and encompasses the genres and minor fiction of the period This excellent introduction and reference source has been revised for this second edition to include new material on lesser known writers and a comprehensively updated bibliography

Secret Journeys Nicholas H. Morgan, 1992 This work argues that Dickens's novels form a multifaceted canon with strong family resemblances and differences among its members The book creates a dynamic model of the Dickensian universe by following three aspects of the canon the dialectic between fancy and authority the psychology of symbol and memory and the relationship between narrator and reader Illustrated

Martin Chuzzlewit (RLE Dickens) Sylvere Monod, 2013-05-13 Although enjoyed my many as a masterpiece of Dickens comic writing Martin Chuzzlewit has long been underrated by professional critics This volume redresses the balance by devoting its attention to a full critical discussion of the novel and by including a full survey of the critical positions held in the past As well as discussing the themes of selfishness and hypocrisy the history of the text is also explored as is the complex relationship between Dickens and the United States which played a great part in the development of the novel and exerted considerable influence on its early reception

A Study Guide for Charles Dickens's "Oliver Twist" Gale, Cengage Learning, 2016-06-29 A Study Guide for Charles Dickens's Oliver Twist excerpted from Gale's acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your research needs

Charles Dickens's A Tale of Two Cities Harold Bloom, 2007 A study guide to Charles Dickens A Tale of Two Cities featuring a biographical sketch of the author a list of characters summary and analysis and a selection of critical views

Eloquent Reticence Leona Toker, 2021-11-21 The importance of the ethics of form in literature has only recently gained broad recognition and has thus far been explored mainly from the position of moral philosophy and critical theory Leona Toker develops a narratological approach to the subject based on studying reticence in works of fiction Reticence consists in narrative techniques through which writers create information gaps that build interest enhance tension and control the reader's comprehension of theme character and event Using novels by Fielding Austen Dickens Conrad Forster and Faulkner Toker demonstrates how the withholding of information affects readers attitudes stimulates their reassessment and leads to a self critical reorientation and how such manipulation of attention has specific ethical and aesthetic significance Drawing on descriptive poetics reader response criticism and information theory Toker marks the parallel situations of the characters in the fiction she analyzes and of the readers who encounter it and presents a novel approach to the issue of first and repeated readings The inquiry into the twofold role of the reader opens the discussion of narrative techniques to ethical issues Through her analysis of silences in representative works Toker makes a meaningful contribution to modern narrative study and offers new insights into a number of familiar novels This well informed sensitive and judicious study will appeal to scholars interested in

narrative theory and ethical criticism and to students of Faulkner and of the classical English novel
