The Higher And Lower Self:

"The Higher and Lower Self-Esteem" Bro. Cedric D. Anderson, 2021-04-26 There s no available information at this time Author will provide once information is available The Aquarian Gospel of Jesus the Christ Levi, 2023-10-21 Levi s The Aquarian Gospel of Jesus the Christ is a profound and thought provoking literary work that presents a unique perspective on the life and teachings of Jesus Christ Written in a poetic and lyrical style the book combines biblical narratives with Eastern philosophies offering a more mystical interpretation of Jesus ministry The text is rich in symbolism and allegory inviting readers to delve deeper into the spiritual teachings of Christ in a new light Levi s fusion of Eastern and Western spiritual traditions makes this book a fascinating read for those interested in exploring alternative perspectives on Christianity and spirituality in general The Aquarian Gospel stands as a testament to Levi s creativity and spiritual insight challenging readers to rethink conventional beliefs about the life of Jesus Levi believed to be a pseudonymous figure is thought to have been inspired by the Theosophical Society and other esoteric movements of the late 19th century His background in metaphysical teachings and interest in spiritual mysticism likely influenced the writings found in this unique gospel I highly recommend The Aquarian Gospel of Jesus the Christ to readers seeking a fresh and imaginative interpretation of Jesus teachings as well as those interested in bridging the gap between East and West in spiritual thought The Higher Self & Lower Self Vashist Vaid, 2014-10-04 This book named as The Higher Self and the Lower Self provides the questioning reader those important pieces of information which Awakens or add on more Vital Conscious Energy Vibrations to the evolving Embodied Consciousness of the incarnated form container known in Sanskrit language as a Kosha which is commonly referred to as the physical body of conscious existence having a given name which is provided after incarnation by the family elders upon this physical plane of planet earth in most cases by the caring and loving Parents who perform the Name Giving Ritual *The Holy Koran of the Moorish Holy Temple of Science - Circle 7* Noble Prophet Drew Ali, 2014-07-13 Reproduction of original printing of the Circle 7 Koran This 1926 edition pre dates the incorporation of the Moorish Science Temple of America by Noble Prophet Drew Ali A Moorish American artifact for those looking for a professionally bound edition for their Moorish Literature collection Bulk order and publisher discounts available at califamedia com Search Words Califa Media Moorish Women Moorish Americans Moors Noble Drew Ali Drew Ali MSTA Moorish Science Temple Indigenous Americans American History Ancient America Moorish Koran 1926 Koran Holy Temple of Science Moorish literature Moorish books **The Aquarian Gospel of Jesus the Christ** Tait Zinszer, 2015-04-02 Originally written by Levi H Dowling The Aquarian Gospel of Jesus the Christ is a transcript that records the events of the life of Jesus as well as providing the reader with some insight into the missing years of his life that is not documented in the biblical canon To compile this work Levi spent most of his time attaining spiritual consciousness through silent meditation allowing him to view the Akashic Records and the life of Jesus The book tells about the life of Jesus that has been erased from history the side of where man becomes like God through free will

and holiness obtaining the crown of life through righteousness It tells of the story of how everyone is capable of being anointed by God to do good works through love and caring for others The Aquarian Gospel is a synopsis of the four canonical gospels put together under one esoteric teaching *An Anthology of Mysticism and Mystical Philosophy* William Kingsland,2024-11-01 First published in 1927 An Anthology of Mysticism and Mystical Philosophy is a valuable contribution to the literature of mysticism in general both in its theoretical and experimental aspects It contains over seven hundred and fifty quotations from one hundred and fifty eight ancient and modern mystical philosophical and scientific works This book also acts as a supplement to William Kingsland s previous volume Rational Mysticism for it is illustrative of the principles therein set forth Freedom Katrin Flikschuh,2013-04-23 In this engaging new book Katrin Flikschuh offers an accessible introduction to divergent conceptions of freedom in contemporary liberal political philosophy Beginning with a discussion of Isaiah Berlin s seminal distinction between negative and positive liberty the book goes on to consider Gerald MacCallums alternative proposal of freedom as a triadic concept The abiding influence of Berlin s argument on the writings of contemporary liberal philosophers such as Robert Nozick Hillel Steiner Ronald Dworkin and Joseph Raz is fully explored in subsequent chapters Flikschuh shows that instead of just one negative and one positive freedom tradition contemporary liberal thinkers articulate the meaning and significance of liberal freedom in many different and often conflicting ways What should we make of such diversity and disagreement Should it undermine our confidence in the coherence of liberal freedom Should we strive towards greater conceptual and normative unity Flikschuh argues that moral and political disagreement about freedom can often be traced back to differences in underlying metaphysical presuppositions and commitments Yet these differences do not show liberal freedom debates to be confused or incoherent On the contrary they demonstrate the centrality of this philosophically elusive idea to the continued vitality of liberal political thinking **His-story** J.C. LOCAFAMO,2021-04-21 What started out as a guy getting stoned ends up being a man on a mission to help heal the world An uphill battle with addiction soon took a turn for something supernatural when he finds out we all have a little quirk within us that is misunderstood Thrown into a situation unlike anything he could have ever imagined questioning reality his faith and spirituality are tested bringing him to new heights as he finds solace in a new found life path Technology and humanity have whole new meanings for him as he lives out his life with one foot in the past his body in the present and mind in the future with all of the realities existing simultaneously **Department of State News Letter** United States.
