The History Of Freemasonry:

The History of Freemasonry Albert Gallatin Mackey,1898 **History of Freemasonry** Albert Gallatin Mackey,1921

The History of Freemasonry Albert Gallatin Mackey,2012-03-07 Written by an expert on the craft this classic traces Freemasonry s origins from biblical times to its practice among America s founding fathers It also explores philosophical symbolic and ritual traditions **The History of Freemasonry** Albert Gallatin Mackey,1905 *The Freemasons* Eugen Lennhoff,1978 THE HISTORY OF FREEMASONRY ALBERT GALLATIN MACKEY,1898 **The History of Freemasonry** Albert Gallatin Mackey,1905 *The History of Freemasonry: Its Antiquities, Symbols, Constitutions, Customs, etc. : Vol. I* Robert Freke Gould,2021-02-09 The Secret History of Freemasonry Paul Naudon,2005-03-28 Explores the hidden history of Freemasonry from ancient Rome through the Middle Ages to the present Shows the close connection between medieval masons and the Knights Templar Illustrates the sacred nature of Roman and medieval trade associations Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times emphasizing that there is no direct bridge connecting the two Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple Using medieval archives housed throughout Europe historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar Church records of medieval Paris show that most if not all the Masons of that time were residents of the Templar censive which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome He traces the evolution of organizations such as the Comacine Masters the Arab turuqs and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar all of which provide the vehicle for the transmission of a sacred tradition from pre Christian times to the modern era This tradition is the source of Masonic ritual and symbolism and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry **The History of Freemasonry** Albert Gallatin Mackey,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1898 edition Excerpt CHAPTER XXI THE SECRETS OF THE MEDIEVAL MASONS IHAT the Stonemasons of the Middle Ages had in their possession certain very important secrets which they religiously abstained from communicating to any other Masons who were not of the fraternity is a fact of which there cannot be a doubt But to discover what these secrets were is a task that has puzzled the brains of more than one investigator We have seen that there were passwords signs and other methods of recognition which were established to enable the members of the Craft to make themselves known in strange places and to strange brethren and which were simply matters of

convenience forming the part of a system not peculiar to the Masons but which has in all ages been practiced by every association of men who desired to preserve an exclusive organization But these modes of recognition did not constitute the secrets of the Freemasons which bound them together as a united sodality having in every country the same aims and objects Such secrets were of far more value and importance than any arbitrary code of signals adopted as a means of communication and mutual recognition The evidence is very patent in all the old Constitutions and Regulations that the Freemasons were in possession of secrets which the members of the fraternity were strictly forbidden to communicate to outsiders Thus the Strasburg Constitution forbid any Master or Fellow Craft to instruct anyone who is not of the Craft in any part belonging to Masonry There was in the lodge a certain book which was kept by the Master under an oath that he would permit no part of it to be copied It is evident that this book must have contained something besides the Statutes because a book of mere regulations would
