The Holocaust Chronicle Marilyn J. Harran, 2000 The Holocaust Chronicle A History in Words and Pictures recounts the anguishing story of the most terrible crime of the 20th century During World War II six million Jews as well as other targeted groups including Poles the handicapped and homosexuals were systematically murdered by Adolf Hitler s Nazi Germany and its collaborators Although the weight and heft of The Holocaust Chronicle cannot capture the immensity of its subject the book s 768 pages suggest that the Holocaust is a topic that must be openly confronted Written and fact checked by top scholars the chronicle offers A 3 000 item timeline pinpointing specific events that contributed to the Holocaust such as Nazi Germany occupation during World War II the sealing of urban ghettos in Europe and the deportation of millions of Jews to death camps Nearly 2 000 photographs chronicling the Holocaust in starkly visual terms including images of the massacre of more than 33 000 Ukrainian Jews at Babi Yar and pictures from the liberation of Auschwitz and other concentration camps Fourteen chapter opening essays that put the most important years of the Holocaust and its immediate aftermath into perspective beginning with Hitler s rise to power and ending with the convictions of such Nazi officials as Hermann G ring at the Nuremberg Trial More than 250 sidebars detailing the significant places issues events and people of the Holocaust including Anne Frank and Heinrich Himmler An extensive prologue and epilogue that discuss the buildup to and aftermath of the Holocaust This is an alternate cover of Holocaust Chronicle A History in Words and Pictures ISBN 13 9781680228328 content is the same

Holocaust Chronicles Robert Moses Shapiro, 1999 The huge number of victims of the Holocaust is emotionally incomprehensible The real horror can only be apprehended on the individual level In the case of the Holocaust many such records exist since as Ruth Wisse has observed many of the Jews in the ghettos and concentration camps showed more concern for preserving a record of the incredible event they were witnessing than for their own survival The studies presented in this volume survey this evidence diaries letters oral histories ghetto chronicles rabbinic works collections of photographs songs that originated in Warsaw Lodz Vilna Auschwitz and elsewhere Together these documents allow us to gain some inkling of the experience of those who suffered in the ghettos and concentration camps without the coloration and rethinkings of later recollections
