The Human Factor A Requiem For Darwin:

The Human Factor A.J. DiChiara, 2004-01-13 In the 27th century An asteroid collides with the moon destroying it completely The resulting impact causes an ecological domino effect of biblical proportions wrecking havoc with the Earth s ecosystem Enter Dr Richard Alden of Project Outreach mankind s first and last hope for survival Together he and the worlds leading scientists embark on a cosmic junket in search of a new home for the human race out among the stars But all is not what it seems and the crew soon finds itself enmeshed in a government cover up that may spell doom for the mission and push it to the brink of extinction After a life and death struggle the surviving crewmembers contemplate a future in a utopian world untouched by the problems of Earth or humanity Or is it Will they be serpent or saint in this new Eden If the human race is to survive can they ever hope to overcome **THE HUMAN FACTOR** The Prisoner Carlos J. Cortes, 2009-09-29 2049 Earth s prisons are shut down and all inmates placed in massive hibernation tanks In the ten years since then no one has broken out until now When prisoners check into Washington D C s maximum security sugar cube they don t check out Here lie suspended not just the planet s most dangerous criminals but also half a million so called center inmates troublesome activists whose only offense is to challenge those in power Laurel Cole was one of those inmates and now she s on the run After pulling off a meticulously executed escape plan she and her team must elude the police by descending into the tunnels that run like poisoned veins beneath the city Pursued by a ruthless mercenary who knows these sewers better than anyone Laurel seeks help from a group of renegades who live huddled in the fetid darkness But if she ever hopes to see daylight again and expose the government s lies she ll have to go even deeper and the clock is ticking **The Grinning Man** A. J. Dichiarra, 2009-02 Aside from her nightmares Felice DePalma enjoys living on Long Island But when her conniving boyfriend steals all of her money and leaves her in debt she knows there is only one solution sell her house and start a new life So she lines up a new job in Buffalo and decides to make the road trip to her new home a mini vacation She ll visit all the interesting sites along the way making the best out of a bad situation But she quickly finds out that she hasn t left everything behind Her nightmares continue even when she s awake In them a man with a perverse grin terrorizes her She doesn t know what he wants but she knows very well that he s evil Meanwhile FBI agent Frank Welker is investigating a string of deaths He s finding bodies along the same route that Felice is traveling to Buffalo and he s beginning to think that she might be a serial killer If Felice can t convince authorities to take her nightmares seriously she just might be the next victim of **The Grinning Man** **Redeeming Sin?** Ernst M. Conradie, 2017-10-11 Can Christian sin talk be retrieved within the public sphere In this contribution to ecotheology Ernst M Conradie argues that amid ecological destruction discourse on sin can contribute to a multidisciplinary depth diagnosis of what has gone wrong in the world He confronts some major obstacles related to the plausibility of sin talk in conversation with evolutionary biology the cognitive sciences and animal ethology He defends an Augustinian insistence that social evil rather than natural evil is our primary predicament If the root cause of social evil is sin

then a Christian confession of sin may yet yield good news for the whole earth **Darwin and Faulkner's Novels** M. Wainwright, 2008-03-31 Displaying a wide range of knowledge and interpretive skill Darwin and Faulkner's Novels reexamines the fiction of the great twentieth century American author from the interdisciplinary perspective of sociobiology Challenging the assumption that Faulkner's South was nothing other than a reactionary wilderness and charting the manner in which Faulkner learned and applied his evolutionary concepts this book unsettles staid interpretations of the Faulknerian canon and overturns habitual judgments as to the value of his later novels *T&T Clark Handbook of Christian Theology and Climate Change* Hilda P.
