**The 2012 Collection** Daniel Pinchbeck, 2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race's attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York's literary select He wrote for publications such as The New York Times Magazine Esquire and Harper's Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar's end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown

toward the year 2012 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislov Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced

Tate,2012-01-18 Recently scholars of Olmec visual culture have identified symbols for umbilical cords bundles and cave wombs as well as a significant number of women portrayed on monuments and as figurines In this groundbreaking study Carolyn Tate demonstrates that these subjects were part of a major emphasis on gestational imagery in Formative Period Mesoamerica In Reconsidering Olmec Visual Culture she identifies the presence of women human embryos and fetuses in monuments and portable objects dating

from 1400 to 400 BC and originating throughout much of Mesoamerica This highly original study sheds new light on the prominent roles that women and gestational beings played in Early Formative societies revealing female shamanic practices the generative concepts that motivated caching and bundling and the expression of feminine knowledge in the 260 day cycle and related divinatory and ritual activities Reconsidering Olmec Visual Culture is the first study that situates the unique hollow babies of Formative Mesoamerica within the context of prominent females and the prevalent imagery of gestation and birth It is also the first major art historical study of La Venta and the first to identify Mesoamerica s earliest creation narrative It provides a more nuanced understanding of how later societies including Teotihuacan and West Mexico as well as the Maya either rejected certain Formative Period visual forms rituals social roles and concepts or adopted and transformed them into the enduring themes of Mesoamerican symbol systems
