## **Slave Ghost Stories:**

Slave Ghost Stories Nancy Rhyne, 2002 A compilation of stories borrowed from former slaves of North Carolina South Carolina and Georgia These tales were gathered by the WPA in the years 1935 1939 The slaves were asked questions about their family history and the widespread belief in spirits of various sorts According to these stories the five main creatures that walked the night were hags hants boo daddies plat eyes and ghosts All had separate characteristics Hags disguised themselves as regular people but at midnight they would shed their skin and torment their enemies draining them of their energy Hants lived in trees and would torture their victims day and night Boo daddies were reincarnations of witch doctors Plat eyes could take the form of an animal sometimes changing from one animal to another Ghosts were seen coming out of graveyards at night This book relates the stories of these spirits based upon eyewitness accounts of former slaves

*Haunted Plantations* Geordie Buxton, 2007 A shackled West African tribe drags themselves off a slave ship while singing drowning in a Georgia creek to avoid being sold Mysterious letters from a long ruined church near Mepkin Abbey solicit a man to join faith A French teacher disappears from a school after marking final exams in blood An Egyptian mummy triggers a heart attack in a city museum These stories and more are wrenching from the gravest parts of America's past real lives of people on plantations from Savannah and the coast of the Carolinas Most deal with the hub of the East Coast slave trade Charleston South Carolina All are richly illustrated with both historic and contemporary images Dwelling in the affairs of plantation life is to tread the fires of emotionally raw history Sifting through the folklore and legends the old hushed embers of the south ignite once again in this collection While these stories relate encounters with the supernatural readers will find that what actually happened here doesn't always need a ghost to be disquieting    **Tales from the Haunted South** Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us    *Ghosts Stories from the American South* W. McNeil, 1985 Collects Southern legends and folk tales about haunted houses supernatural events and the appearances of ghosts    **The Children's Ghost Story in America** Sean Ferrier-Watson, 2017-04-25 Ghost stories have played a prominent

role in childhood Circulated around playgrounds and whispered in slumber parties their history in American literature is little known and seldom discussed by scholars This book explores the fascinating origins and development of these tales focusing on the social and historical factors that shaped them and gave birth to the genre Ghost stories have existed for centuries but have been published specifically for children for only about 200 years Early on supernatural ghost stories were rare authors and publishers fearing they might adversely affect young minds presented stories in which the ghost was always revealed as a fraud These tales dominated children s publishing in the 19th century but the 20th century saw a change in perspective and the supernatural ghost story flourished    The Big Book of Illinois Ghost Stories Troy Taylor,2019-07-17 Hauntings lurk and spirits linger in the Prairie State Reader beware Turn these pages and enter the world of the paranormal where ghosts and ghouls alike creep just out of sight Author Troy Taylor shines a light in the dark corners of Illinois and scares those spirits out of hiding in this thrilling collection From a gallows tree in Greene County where an apparition can still be seen hanging to the lingering spirits of warring mobsters at the site of the St Valentine s Day Massacre these stories of strange occurrences will keep you glued to the edge of your seat Around the campfire or tucked away on a dark and stormy night this big book of ghost stories is a hauntingly good read    The Unchained: Powerful Life Stories of Former Slaves Aphra Behn,Thomas Clarkson,Daniel Drayton,Louis Hughes,Austin Steward,Ida B. **Slavery and the Culture of Taste**

Simon Gikandi, 2014-04-27

It would be easy to assume that in the eighteenth century slavery and the culture of taste the world of politeness manners and aesthetics existed as separate and unequal domains unrelated in the spheres of social life But to the contrary Slavery and

the Culture of Taste demonstrates that these two areas of modernity were surprisingly entwined. Ranging across Britain the antebellum South and the West Indies and examining vast archives including portraits period paintings personal narratives and diaries Simon Gikandi illustrates how the violence and ugliness of enslavement actually shaped theories of taste. Notions of beauty and practices of high culture and how slavery's impurity informed and haunted the rarified customs of the time. Gikandi focuses on the ways that the enslavement of Africans and the profits derived from this exploitation enabled the moment of taste in European mainly British life leading to a transformation of bourgeois ideas regarding freedom and selfhood. He explores how these connections played out in the immense fortunes made in the West Indies sugar colonies supporting the lavish lives of English barons and altering the ideals that defined middle class subjects. Discussing how the ownership of slaves turned the American planter class into a new aristocracy Gikandi engages with the slaves own response to the strange interplay of modern notions of freedom and the realities of bondage and he emphasizes the aesthetic and cultural processes developed by slaves to create spaces of freedom outside the regimen of enforced labor and truncated leisure. Through a close look at the eighteenth century's many remarkable documents and artworks Slavery and the Culture of Taste sets forth the tensions and contradictions entangling a brutal practice and the distinctions of civility.
