Clavin, 2021-05-01 The dramatic story of the United States destruction of a free and independent community of fugitive slaves in Spanish Florida In the aftermath of the War of 1812 Major General Andrew Jackson ordered a joint United States army navy expedition into Spanish Florida to destroy a free and independent community of fugitive slaves The result was the Battle of Negro Fort a brutal conflict among hundreds of American troops Indian warriors and black rebels that culminated in the death or re enslavement of nearly all of the fort s inhabitants By eliminating this refuge for fugitive slaves the United States government closed an escape valve that African Americans had utilized for generations At the same time it intensified the

subjugation of southern Native Americans including the Creeks Choctaws and Seminoles Still the battle was significant for another reason as well During its existence Negro Fort was a powerful symbol of black freedom that subverted the racist foundations of an expanding American slave society Its destruction reinforced the nation's growing commitment to slavery while illuminating the extent to which ambivalence over the institution had disappeared since the nation's founding Indeed four decades after declaring that all men were created equal the United States destroyed a fugitive slave community in a foreign territory for the first and only time in its history which accelerated America's transformation into a white republic The Battle of Negro Fort places the violent expansion of slavery where it belongs at the center of the history of the early American republic A Dangerous Mourning Anne Perry,1992 Inspector Monk returns to the scene of another Victorian era murder mystery when the daughter of an upper crust family is stabbed in her own home Slaves in the New Testament James Albert Harrill, In this exciting new analysis of slaves and slavery in the New Testament Harrill breaks new ground with his extensive use of Greco Roman evidence discussion of hermeneutics and treatment of the use of the New Testament in antebellum U S slavery debates He examines in detail Philemon 1 Corinthians Romans Luke Acts and the household codes

Slave Species of the Gods Michael Tellinger, 2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species first proposed by Zecharia Sitchin in The 12th Planet Shows how the Anunnaki created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6 000 years ago However as Michael Tellinger reveals the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200 000 years ago Sent to Earth in search of life saving gold these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold thus beginning our global traditions of gold obsession slavery and god as dominating master Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets Tellinger shows how the Anunnaki created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA which explains why less than 3 percent of our DNA is active He identifies a recently discovered complex of sophisticated ruins in South Africa complete with thousands of mines as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based he details the actual events behind these tales of direct physical interactions with god concluding with the epic flood a perennial theme of ancient myth that wiped out the Anunnaki mining operations Tellinger shows that as humanity awakens to the truth about our origins we can overcome our programmed animalistic and slave like nature tap in to our dormant Anunnaki DNA and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe Slave to the King Janine Schimmelpenninck, 2015-06-15 Slave to the King is all about responsibility as taking responsibility is one of the most important things we can do in life In Slave to the King a specific description of how to take responsibility is discussed in detail In contrast to the conventional form of taking responsibility which can be heavy and depressing this particular form of taking responsibility is in alignment with reality and functions beautifully It generates a lot of space and energy and it has great transformational power All changegreat or smallbegins with changing ourselves first and changing ourselves begins with taking responsibility To take subjective responsibility is the only way to change ourselves successfully Already a lot has

been written on the importance and the need for changing oneself However Slave to the King discusses in detail the essential and practical role of taking a precise form of responsibility as an absolute necessity for changing oneself To take subjective responsibility is an intelligent act that fits the logical mind of this day and age perfectly The set up of the book provides the reader easy access to an introduction and short explanation of the term subjective responsibility and to many detailed case studies
