*At the Edges of Sleep* Jean Ma,2022-10-04 A free open access ebook is available upon publication Learn more at [www.luminosoa.org](http://www.luminosoa.org) Many recent works of contemporary art performance and film turn a spotlight on sleep wresting it from the hidden private spaces to which it is commonly relegated *At the Edges of Sleep* considers sleep in film and moving image art as both a subject matter to explore onscreen and a state to induce in the audience Far from negating action or meaning sleep extends into new territories as it designates ways of existing in the world in relation to people places and the past Defined positively sleep also expands our understanding of reception beyond the binary of concentration and distraction These possibilities converge in the work of Thai filmmaker and artist Apichatpong Weerasethakul who has explored the subject of sleep systematically throughout his career In examining Apichatpong's work Jean Ma brings together an array of interlocutors from Freud to Proust George M Li to Tsai Ming-liang Weegee to Warhol to rethink moving images through the lens of sleep Ma exposes an affinity between cinema spectatorship and sleep that dates to the earliest years of filmmaking and sheds light upon the shifting cultural valences of sleep in the present moment

Vicksburg fell on July 4 triumph would have been fleeting if not for the US Army Medical Department and its personnel By centering soldiers health and medical care in the Union army s fight to take Vicksburg Lindsay Rae Smith Privette offers a fresh perspective on the environmental threats logistical challenges and interpersonal conflicts that shaped the campaign and siege In doing so Privette shines new light on the development of the army s medical systems as officers learned to adapt to their circumstances and prove themselves responsible stewards of soldiers bodies *Performance Testing of Textiles*

contentions with the crisis of the Great Depression a particular racial mode of social redress explains why turn of the century radicals and reformers united around Asian exclusion and why Japanese American internment during World War II was a liberal initiative In Lye s reconstructed archive of Asian American racialization literary naturalism and its conventions of representing capitalist abstraction provide key historiographical evidence Arguing for the profound influence of literature on policymaking America s Asia examines the relationship between Jack London and leading Progressive George Kennan on U S Japan relations Frank Norris and AFL leader Samuel Gompers on cheap immigrant labor Pearl S Buck and journalist Edgar Snow on the Popular Front in China and John Steinbeck and left intellectual Carey McWilliams on Japanese American internment Lye s materialist approach to the construction of race succeeds in locating racialization as part of a wider ideological pattern and in distinguishing between its different and sometimes opposing historical effects
