Spinsters Song Parris Afton Bonds, 1985

On the Origin and Progress of the Art of Music by John Taverner

Joseph M. Ortiz, 2018-09-13 John Taverner's lectures on music constitute the only extant version of a complete university course in music in early modern England. Originally composed in 1611 in both English and Latin, they were delivered at Gresham College in London between 1611 and 1638 and it is likely that Taverner intended at some point to publish the lectures in the form of a music treatise. The lectures, which Taverner collectively titled *De Ortu et Progressu Artis Musicae*, represent a clear attempt to ground musical education in humanist study, particularly in Latin and Greek philology. Taverner's reliance on classical and humanist writers attests to the durability of music's association with rhetoric and philology, an approach to music that is too often assigned to early Tudor England. Taverner is also a noteworthy player in the seventeenth-century Protestant debates over music, explicitly defending music against Reformist polemicists who see music as an overly sensuous activity. In this first published edition of Taverner's musical writings, Joseph M. Ortiz comprehensively introduces, edits, and annotates the text of the lectures, and an appendix contains the existing Latin version of Taverner's text. By shedding light on a neglected figure in English Renaissance music history, this edition is a significant contribution to the study of musical thought in Renaissance England, humanism, Protestant Reformism, and the history of education.

The Lyrics of Noël Coward Noël Coward, 2014-03-20

Mad Dogs and Englishmen Don't Put your Daughter on the Stage Mrs. Worthington and over 250 more lyrics from Coward's musical masterpieces. Noël Coward is one of the greatest lyricists of the twentieth century. Songs such as *A Room with a View*, *The Stately Homes of England*, *Mad Dogs and Englishmen*, and *Mrs. Worthington* are known, sung, and loved the world over. This edition gathers together over 250 of Coward's lyrics, arranged in chronological order and grouped by show. In addition, these masterpieces of verse are accompanied by an introduction and notes from the Master himself.

Woman's Songs in Ancient Greece Anne L.

Klinck, 2008-12-15 Through a balanced discussion of poetry as performance, relevant kinds and genres of poetry, the definition and scope of woman's song as a *mode parthenia* (maidens' songs) and the girls' chorus lyric in the drama, echoes and imitations of archaic woman's song in Hellenistic poetry, and inferences about the differences between male and female authors, Klinck demonstrates that woman's song is ultimately best understood as the product of a male-dominated culture, but that feminine stereotypes, while refined by skilful male poets, are interrogated and shifted by female poets.

The Alabama

Folk Lyric Ray Broadus Browne, 1979 Alabamians have always been a singing people. The settlers who moved into the various sections of the state brought with them songs which reflected their national origins and geographical backgrounds, and as they spread into the hills and over the lowlands they created new songs out of the conditions under which they lived. Also, they absorbed songs from outside sources whenever these pieces could be adapted to their sentiments and ways of life. Thus, by a process of memory composition and recreation, they developed a rich body of folk songs. The following collection is

part of the effort to discover and preserve these songs

The Life and Songs of Stephen Foster JoAnne

O'Connell, 2016-09-29 *The Life and Songs of Stephen Foster* offers an engaging reassessment of the life politics and legacy of the misunderstood father of American music Once revered the world over Foster's plantation songs like *Old Folks at Home* and *My Old Kentucky Home* fell from grace in the wake of the Civil Rights Movement due to their controversial lyrics Foster embraced the minstrel tradition for a brief time refining it and infusing his songs with sympathy for slaves before abandoning the genre for respectable parlor music The youngest child in a large family he grew up in the shadows of a successful older brother and his president brother in law James Buchanan and walked a fine line between the family's conservative politics and his own pro Lincoln sentiments Foster lived most of his life just outside of industrial smoke filled Pittsburgh and wrote songs set in a pastoral South unsullied by the grime of industry but tarnished by the injustice of slavery Rather than defining Foster by his now controversial minstrel songs JoAnne O'Connell reveals a prolific composer who concealed his true feelings in his lyrics and wrote in diverse styles to satisfy the changing tastes of his generation In a trenchant reevaluation of his New York Bowery years O'Connell illustrates how Foster purposely abandoned the style for which he was famous to write lighthearted songs for newly popular variety stages and music halls In the last years of his life Foster's new direction in songwriting stood in the vanguard of vaudeville and musical comedy to pave the way for the future of American popular music His stylistic flexibility in the face of evolving audience preferences not only proves his versatility as a composer but also reveals important changes in the American music and publishing industries An intimate biography of a complex controversial and now neglected composer *The Life and Songs of Stephen Foster* is an important story about the father of American music This invaluable portrait of the political economic social racial and gender issues of antebellum and Civil War America will appeal to history and music lovers of all generations

Gender and Song in Early Modern England Leslie C. Dunn, Katherine R. Larson, 2016-04-15 *Song* offers a vital case study for examining the rich interplay of music gender and representation in the early modern period This collection engages with the question of how gender informed song within particular textual social and spatial contexts in sixteenth and seventeenth century England Bringing together ongoing work in musicology literary studies and film studies it elaborates an interdisciplinary consideration of the embodied and gendered facets of song and of song's capacity to function as a powerful and flexible gendered signifier The essays in this collection draw vivid attention to song as a situated textual and musical practice and to the gendered processes and spaces of song's circulation and reception In so doing they interrogate the literary and cultural significance of song for early modern readers performers and audiences
