Spirit and Sacrament Joseph M. Powers,1973 **The Sacraments** Joseph Martos,2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org) **Christian Symbol and Ritual** Bernard Cooke,Gary Macy,2005-09-08 In *Christian Symbol and Ritual* Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic written from a non denominational perspective Cooke and Macy demonstrate that celebration ritual and symbol are already central to our lives even though most do not see their actions as symbolic or ritualistic They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context After discussing the characteristics and functions of rituals they explore different kinds of ritual including those of friendship worship and healing The authors also examine such questions as how rituals establish and maintain power relationships how official rituals are different from popular Christian rituals and devotions and how Christian rituals function in the process of human salvation *Christian Symbol and Ritual* is an invaluable resource for students teachers and lay readers **Catholic Means Universal** David Richo,2000 Written for people in and out of church this book offers three core concepts which have always been present in Catholic tradition *Library of Congress Catalogs* Library of Congress,1976 **Library of Congress Catalog** Library of Congress,1973 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953 1955 **American Book Publishing Record** ,1977-03-31 Here s quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers These cumulative records are available in three separate sets *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography,1978 *The Publishers Weekly* ,1973 **Anthropology and Theology** Douglas Davies,2020-05-18 Anthropology and Christian Theology have traditionally interpreted religion in quite different ways and have often been thought of as hostile to one another In fact a fundamental concern for human experience lies at the heart of both disciplines

This innovative book takes a new look at key anthropological and theological themes and explores the intricacies of their interplay throughout history and in the present. Sacrifice, embodiment, ritual, incarnation, symbolism, gift and power are all related in ways that shed new light on religious behaviour and belief. Detailed analysis of fundamental Christian rites shows how they help generate emotional meaning and inspire philosophical ideas and demonstrates how the body serves as a vehicle for religious beliefs. Through an examination of these issues and much more, Davies reveals how religious rituals help people to become secure in their sense of identity. This accessible foray into new territory is essential reading for anthropologists, theologians or anyone interested in religion who is seeking new interpretations of familiar themes.
