the human phenomenon of growth through suffering that is too easily misunderstood in the context of pastoral and spiritual care. Through the hopeful metaphor of night-bloomers, rare plants that grow because of light but bloom in the darkness, it is suggested that while psychological trauma is inherently negative and suffering creates a spiritual inner night, moving through it may reveal a new complex reality of the human experience not previously understood. We may see ourselves, others, or the world in a way that is stronger, wiser, deeper, or more brilliant than we had known before. The book presents the goal of pastoral and spiritual work: not to extinguish darkness, nor is it to solely focus on the light. The work is to learn how to stay awake through the night without glorifying it. Such a task is far easier when we believe there might be a rare and uniquely beautiful bloom to stay awake for, and that witnessing such a bloom could have great consequences for living a meaningful life.

Breaking Emotional Barriers to Healing Craig A. Miller, 2018-11-06. Far too many Christians are waiting, hoping, and praying for healing, but either it doesn't last or it doesn't come at all. Doctors shrug and say there is nothing they can do. Pastors say it is your sin or attacks of the devil that block your healing. This only leaves people more helpless, hopeless, afraid, ashamed, and still sick or in pain. Craig Miller experienced his own miraculous physical healing, and he has dedicated his life to helping others receive the permanent emotional and physical restoration that is available through the healing power of God. Craig ministers to the spirit and soul to identify root causes that block your healing. He lends particular focus to cases in which no cause of an illness can be identified and what to do when healing does not occur. He provides easy-to-use, step-by-step, practical methods that are viable, available, affordable, and effective at bringing real solutions to long-term pain and suffering. And he includes real-life examples of healing testimonies.

Pentecostal Currents in American Protestantism Edith Waldvogel Blumhofer, Russell P. Spittler, Grant A. Wacker, Grant Wacker, 1999. Pentecostal Currents in American Protestantism addresses the theme of encounter within the Protestant faith by exploring moments in which identities and boundaries have been established or challenged as the Pentecostal and charismatic movements have taken their place on the American religious scene. Examining topics as diverse as the animosity that marked Pentecostalism's encounter with the Holiness movement, the forms and results of engagement between Pentecostal missionaries and Protestant mission boards in China, and the response of Southern and American Baptists to the charismatic renewal, contributors show how the confluence of the mainstream with other streams brings about questioning, realignment, and change.
