Spiritual Assessment Handbook For Helping Professionals:

Spiritual Assessment David R. Hodge, 2003 Publisher's description A growing consensus exists among helping professionals accrediting organizations and clients regarding the importance of spiritual assessment The development of specific spiritual assessment instruments however has lagged behind this emerging interest Further the varied needs and interests of clients suggest the importance of a variety of assessment methods rather than a one size fits all approach This practice oriented text describes a complementary set of assessment instruments spiritual histories spiritual lifemaps spiritual ecomaps spiritual genograms and spiritual ecograms In addition it presents a variety of empirically based interventions that flow from each instrument along with several case examples for illustration
