Foundations of Pastoral Counselling Neil Pembroke, 2017-05-12 Foundations of Pastoral Counselling adopts a completely new approach to its subject through an integration of philosophical ideas theological thought and psychotherapeutic psychology The result is a rich multi faceted and often surprising discussion about the fundamental issues in pastoral counselling **Experience** Matthew Floding, Dawn Davis, 2024-11-05 Spiritual formation has gained increasing attention with theological schools as a significant element of the theological education process Repeated Association of Theological Schools studies have revealed a broad interpretation of what is meant by spiritual formation and how it is achieved within the theological education framework Theological schools look to what happens in the field education courses as the most significant source of spiritual formation Experience Spiritual Formation in Theological Field Education provides effective resources that field educators may employ to foster spiritual formation In the first section of the book twenty five practices are introduced that are employed currently by field educators with strong favorable student feedback In a second

section ministerial leaders in a variety of settings share spiritual practices that they have found life giving and foster deeper connection with God and God's world Experience equips field educators for the significant task of fostering the spiritual growth of their students Students in turn will have a treasure trove of spiritual formation exercises practices that they can adapt as ministerial leaders in congregations chaplaincy settings and in faith based non profit organizations Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us Practicing Faith Lisa Spriggs, Tim Meadowcroft, 2022-05-17 The integration of theology and social vocation invites scholars and practitioners to reach outside their discipline and into relationship with others Out of these relationships new ways of enacting faith and informing practice can emerge This book brings together a collection of essays engaging with the integration of theology and social vocation Designed to reflect and invite dialogue these authors engage with the relationship between faith and practice as it is expressed in their own area of interest and speciality Arranged in five themed dialogues wellbeing formation hospitality therapy and theology each essay reflects the unique dynamics of its author's integrative process and offers something new to the ongoing conversation between theology and social vocation This set of essays will be of interest to practitioners and students concerned to infuse their faith with their practice of vocation to develop a practicing faith *Visions of Truth* Mara Lief Crabtree, 2023-11-30 This book is the first ever written on the meaning and value of using art forms in the ministry of spiritual direction The use of art by spiritual directors has the capacity to deepen understanding and enrich the full experience of spiritual direction Included are the biblical theological and very practical aspects related to the use of art how these truths are expressed in various genres of art and in ways that bring depth of knowledge wisdom and guidance in understanding one's relationship with God and others as well as the possibilities for further growth and maturity in those relationships The text is written for spiritual directors their mentors and supervisors and for those receiving the ministry of direction It provides encouragement

and is instructive for all those desiring to increase their knowledge understanding and level of experience in the profound opportunities for individuals spiritual formation conformation and transformation in the ministry of spiritual direction **A**

Lambert, 2024-11-12 *Dissident Women Beguines and the Quest for Spiritual Authority* focuses on the responses of a group of twenty first century women to the lives and writings of thirteenth century beguine mystics and reveals how the struggle to discover their own inner spiritual authority connects two groups of women across centuries For contemporary women who are disenchanted with the institutional church and who seek spiritual direction models deeply rooted within the tradition may not be the most helpful The author explores the value of exemplars from the fringes ushering Hadewijch of Brabant Mechthild of Magdeburg and Marguerite Porete into the spotlight The contemporary women studied developed a relationship with the beguines that transformed and influenced their own journeys Their encounters underline the importance of remembering the beguine mystics the value of contemplative engagement with historical mystics and the need for explicit validation of the richness of the edges of tradition within spiritual direction *Dissident Women Beguines and the Quest for Spiritual Authority* will be of particular interest to scholars of mysticism and spirituality as well as practical pastoral and feminist theology
