*Spiritual Exploration in the Works of Doris Lessing* Phyllis Perrakis, 1999-04-30 Though Doris Lessing never explicitly refers to spirituality in her works she nonetheless explores spiritual issues throughout her texts This book examines the prominence of spirituality in her writings The volume provides both close readings of individual works and sweeping surveys of her nearly fifty year career The contributors employ a variety of theoretical perspectives such as systems theory feminist studies of the body and of androgyny postcolonial theories mythic prophecy and intersubjective psychology The contributors reveal that Lessing s presentation of spirituality is neither rigid nor orthodox neither the product of the split between the body and the soul nor anchored in formal systems of the past or present The volume is divided into three sections The first on spirituality manifested in everyday life examines individual works in which ordinary experiences such as growing old or struggling to adopt to the difficulties of married life comment on spiritual concerns Included are chapters on *The Diaries of Jane Somers* and *The Marriages Between Zones Three Four and Five* The second section contains chapters on the formation and dissolution of individual identity for characters at different stages of the life cycle and the parallel changes within societies at different stages of cultural collapse The third part presents chapters on the larger patterns that inform many of Lessing s works with attention either to individual texts or to clusters of her writings

[Virtue Revisited in the Novels of Doris Lessing](#) Seda ARIKAN, 2024-09-06 The ethical approaches to literature have come into prominence in the twentieth century calling for a turn to ethics in the studies of humanities in general and literary studies in particular By leading the ethical turn in literature many theorists proposed a moral oriented approach to literature which is still a significant part of literary

criticism The ethical turn in literature has changed the spirit of literary criticism in the direction of virtue and value based approaches In this respect this study scrutinises Doris Lessing s novels in light of virtue ethics in general and virtue politics care ethics and Sufi virtue ethics in particular Lessing s connection to virtue ethics which is implicitly or explicitly reflected in her novels is examined by giving the panorama of ethical movements whose common point is virtues This study asserts that Lessing implements an ethical concern in her novels which is based on her own understanding of virtue ethics Doris Lessing and the Forming of History Brazil Kevin Brazil,2016-09-20 Explores Doris Lessing s innovative engagement with historical change in her own lifetime and beyondThe death of Nobel Prize winning Doris Lessing sparked a range of commemorations that cemented her place as one of the major figures of twentieth and twenty first century world literature This volume views Lessing s writing as a whole and in retrospect focusing on her innovative attempts to rework literary form to engage with the challenges thrown up by the sweeping historical changes through which she lived The 12 original chapters provide new readings of Lessing s work via contexts ranging from post war youth politics and radical women s writing to European cinema analyse her experiments with genres from realism to autobiography and science fiction and draw on previously unstudied archive material The volume also explores how Lessing s writing can provide insight into some of the issues now shaping twenty first century scholarship including trauma ecocriticism the post human and world literature as they emerge as defining challenges to our own present moment in history Key FeaturesOffers a critical overview of the full range of Lessing s work setting the agenda for future study of her writingProvides new readings of an unprecedented range of Lessing s writing including previously unstudied archive material landmark novels such as The Golden Notebook drama and reportage essays memoirs and short storiesSituates Lessing in relation to new literary and cultural contexts including the nineteenth century novel series cinema and post war youth cultureRelates Lessing s work to contemporary theoretical debates on post humanism trauma ecocriticism radical women s writing and world literature The Fiction of Doris Lessing Ratna Raman,2021-10-15 Doris Lessing 1919 2013 a prolific contemporary author was awarded the Nobel Prize in Literature in 2007 for her life work Examining five decades of Lessing s unique life narrative strategies and the literary traditions that she drew upon and improvised this book highlights her extraordinary significance as a writer of our times and for our times Lessing s fiction and non fiction provide a seminal understanding of the key issues that shaped the twentieth century Autodidactic and keenly interested in the world around her Lessing flagged the problems of racism in Africa the inequity of class in modern England the limitations of white middle class women s movements that overlooked the rights of women across race and class the marginalisation of individuals the horror of nuclear war and the need for disarmament and the hazardous global expansion in the face of unrelenting technological progress Further she raised the concern of the atomisation of modern families violence and the urgent need for alternate modes of viewing voicing anxieties decades ahead of other contemporary writers Making futuristic projections through innumerable genres of writing such as realistic

narratives memoirs diaries and science fiction Lessing examines myth psychoanalysis and Marxist perspectives engaging with a gamut of experiences that have defined modernity and sets up feminist blueprints that challenge atrophying patriarchal hegemonies

**Doris Lessing** Susan Watkins, 2013-07-19 This study examines the writing career of the respected and prolific novelist Doris Lessing who was awarded the Nobel Prize for Literature in 2007 and has recently published what she has announced will be her final novel Whereas earlier assessments have focused on Lessing's relationship with feminism and the impact of her 1962 novel *The Golden Notebook* this book argues that Lessing's writing was formed by her experiences of the colonial encounter it makes use of postcolonial theory and criticism to examine Lessing's continued interest in ideas of nation empire gender and race and the connections between them The book examines the entire range of her writing including her most recent fiction and non fiction which have been comparatively neglected The book is aimed at undergraduate and postgraduate students of Doris Lessing's work as well as the general reader who enjoys her writing This is the first significant book length critical evaluation in ten years

**Doris Lessing** Alice Ridout, Susan Watkins, 2011-10-20 Despite winning the Nobel Prize for Literature Doris Lessing has received relatively little critical attention One of the reasons for this is that Lessing has spent much of her lifetime and her long published writing career crossing both national and ideological borders This essay collection reflects and explores the incredible variety of Lessing's border crossings and positions her writing in its various social and cultural contexts Lessing crosses literal national borders in her life and work but more controversial have been her crossings of genre borders into sci fi and space fiction and her crossing of ideological borders such as moving into and out of the Communist Party and from a colonial into a post colonial world This timely collection also considers a number of the most interesting recent critical and theoretical approaches to Lessing's writing including work on maternity and abjection in relation to *The Fifth Child* and *The Grass is Singing* eco criticism in Lessing's Ifraikan novels and postcolonial re writings of landscape in her *African Stories*
