Spirituality Ethics Religion And Teaching A Professors Journey Studies In Education And Spirituality V 5:

Bibliographic Index ,2002 **American Book Publishing Record** ,2002 Searching for Spirituality in Higher Education Bruce W. Speck, Sherry Lee Hoppe, 2007 Searching for Spirituality in Higher Education brings together eclectic points of view on spirituality drawing upon various theoretical perspectives to frame a discussion of spirituality in higher education Following a comprehensive review of the current literature on spirituality chapters examine the relationship between religion and spirituality and explore related legal issues Subsequent theory chapters make no unified claims about the basis of spirituality reflecting the speculative nature of an ethereal subject The final section contains rich examples that explore ways to integrate spirituality in several academic disciplines as well as in student affairs In its entirety the book encompasses a comprehensive review of the salient issues related to spirituality in higher education The volume will be useful in courses on religion nursing business and the humanities Forthcoming Books Rose Arny, 2003-04 Rethinking Work and Learning Peter Willis, Stephen Mckenzie, Roger Harris, 2008-11-02 Rethinking a Sustainable Society Alan Mayne The world has already passed the midway point for achieving by 2015 the eight Millennium Development Goals for a more peaceful prosperous and just world that were set by the United Nations in the wake of its inspirational Millennium Declaration in 2000 These goals range from combating poverty hunger and disease to empowering women and ensuring environmental sustainability However Ban Ki Moon the United Nations Secretary General conceded in 2007 that progress to date has been mixed During 2008 the head of the United Nations World Food Programme cautioned that because of the surge in world commodity prices the program had insufficient money to stave off global malnutrition and the World Health Organization warned of a global crisis in water and sanitation Depressing news accounts accumulate about opportunities missed to achieve a fairer world order and ecological sustainability the manipulation of election results in Africa human rights abuses in China 4000 Americans dead and another nation torn apart by a senseless and protracted war in Iraq and weasel words by the world's political leadership in the lead up to negotiations for a climate change deal in 2009 that is supposed to stabilize global carbon dioxide emissions It is clear that the parameters of the debates that drive progressive policy change urgently require repositioning and energizing As is shown by the contributors to Rethinking work and learning experts in the humanities and social sciences HASS could have an important role to play in this process *Spirituality in Higher Education* Sherry L. Hoppe, Bruce W. Speck, 2005 This issue looks at spirituality in higher education through a number of lenses examining what many view as trend towards incorporating spirituality back into the lives of students faculty and administrators Questions about meaning and purpose are as old as humans and in the earliest days of higher education the search for truth was the ultimate journey of the student Over the decades though the academy has often shunned the spiritual aspect of a student's education Whether that is to avoid controversy or to protect from acknowledging that all is not known there is a predisposition to avoid talking about spirituality in the academy Regardless the result is the creation of

what T S Eliot called hallow men who live in this world but do not know why they are here and thus do not know how to live their lives This book is responding to a reawakening of desire to avoid such creatures The issue s purpose at least in a cursory way is to look at spirituality in academe through a number of lenses Composed of chapters from both faculty and administrators this volume offers insight into the critical need for spirituality in educating the whole student while recognizing that how spirituality is viewed and taught and experienced is intensely personal The goal is not to prescribe how spirituality should be integrated but to offer multiple options and perspectives Not only will readers learn about the complex and vital role of spirituality they will also be reminded that the quest for truth and meaning not the destination is what is vitally important in shaping discussions about spirituality This is the 104th issue of the Josses Bass quarterly support series New Directions for Teaching and Learning Boletin Internacional de Bibliografia Sobre Educacion ,2003 *Bulletin - Council on the Study of Religion* Council on the Study of Religion,1982 *The Education Index* ,1957 *Multidisciplinary Approach in Research Area (Volume-11)* Chief Editor- Biplab Auddya, Editor- Dr. Gayatri Indrakanti, V.Saujanya, Meenakshi Ahlawat, Ankush Nijhawan, Dr. P.Parameswari, Dr. Dudheshwar Mahto,2024-05-09
