Philosophy and Kafka Brendan Moran, Carlo Salzani, 2013-04-19 The relationship of philosophy with Kafka's oeuvre is complex It has been argued that Kafka's novels and stories defy philosophic extrapolation conversely it has also been suggested that precisely the tendency of Kafka's writings to elude discursive solution is itself a philosophical tendency one that is somehow contributing to a wiser relationship of human beings with language These matters are the focus of the proposed volume on Philosophy and Kafka The proposed collection brings together essays that interrogate the relationship of philosophy and Kafka and offer new and original interpretations The volume obviously cannot claim completeness but it partially does justice to the multiplicity of philosophical issues and philosophical interpretations at stake This variety informs the composition of the volume itself A number of essays focus on specific philosophical commentaries on Kafka's work from Adorno's to Agamben's from Arendt's to Benjamin's from Deleuze and Guattari's to Derrida's A number of essays consider the possible relevance of certain philosophical outlooks for examining Kafka's writings here Kafka's name goes alongside those of Socrates Kant Kierkegaard Nietzsche Wittgenstein Buber Heidegger Blanchot and Levinas Finally a number of essays consider Kafka's writings in terms of a specific philosophical theme such as communication and subjectivity language and meaning knowledge and truth the human animal divide justice and freedom In all contributions to the volume such themes motifs and interpretations arise To varying degrees all essays are concerned with the relationship of literature and philosophy and thus with the philosophical significance of Kafka's writings

Rethinking Lyric Communities Irene Fantappiè, Francesco Giusti, Laura Scuriatti, 2024-10-28 In contemporary Western societies lyric poetry is often considered an elitist or solipsistic literary genre Yet a closer look at its history reveals that lyric has always been intertwined with the politics of community formation from the imagining of national and transnational discursive communities to the use of poetry in episodes of collective action protest and social resistance Poetic forms have circulated between languages and traditions

from around the world and across time But how does lyric poetry address or even create communities and of what kinds This volume takes a global perspective to investigate poetic communities in dialogue with recent developments in lyric theory and concepts of community In doing so it explores both the political potentialities and the perils of lyric poetry **Echoes of a Queer Messianic** Richard O. Block,2018-03-14 Queer theory has focused heavily on North American and contemporary contexts but in this book Richard O Block helps to expand that reach Deftly combining the two main currents of recent queer theory the asocial and the reparative he reconsiders mostly German narratives from around 1800 while relating his findings to recent texts such as *A Lover's Discourse* and *Brokeback Mountain* He offers novel readings of well known texts by Shelley Kleist and Goethe arguing that this early writing serves as a creative font for much of the subsequent work in sexology These texts also provide echoes of a kind of love overlooked or suppressed in favor of a politics of appeasement or one intended to make queers model citizens This book charts the unexplored possibilities for queer love in an attempt to map a future for gay politics in the age of homonormativity *Risky Bodies & Techno-Intimacy* Geeta Patel,2017-08-01 *Risky Bodies and Techno Intimacy* traverses disparate and uncommon routes to explore how people grapple with the radical uncertainties of their lives In this edgy evocative journey through myriad interleaved engagements including the political economies of cinema the emergent shapes taken by insurance debt and mortgages gender and sexuality and domesticity and nationalism Geeta Patel demonstrates how science and technology ground our everyday intimacies The result is a deeply poetic and philosophical exploration of the intricacies of techno intimacy revealing a complicated and absorbing narrative that challenges assumptions underlying our daily living **The Spirit of Poesy** Richard A. Block,Peter David Fenves,2000 This text presents a collection of essays in honour of Geza von Molnar The essays focus on topics in literary theory and criticism **Encyclopedia of the World Novel, 1900 to the Present** Michael David Sollars,Arbolina Llamas Jennings,2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature [The Facts on File Companion to the World Novel](#) Michael Sollars,Arbolina Llamas Jennings,2008
