The second part of the book contains my research articles on the origin of dance and dramas We have ample evidence for dance performances in the oldest book The Rig Veda There are about 20 Dialogue Poems in the Rig Veda They are actually dance dramas enacted after the Yagas and Yajnas What we have got in those poems are the plots or themes of those dance dramas and the actors would have built full length dance dramas over those plots at that time There are interesting articles on Bharata s Natya shastra Since it is a technical work that too in Sanskrit not many people know the contents There are very interesting details about the origin stage colour of the theatre seats and actors jewellery etc in the book
