Hill Jr., Thomas Long, Elizabeth B. McGrath, 2023-08-24 The book was envisioned by bedside nurses caring for transplant and cellular therapy patients as a way to teach novice nurses and health care colleagues about the care required for this complex patient population The nurse authors recruited an oncology nurse practitioner transplant physician nurse scientist and expert in medical humanities and health studies to join the project team The dedication of the team and the willingness of the patients to contribute to the project has led to a unique case study approach focused on the lived experience of patients and care partners during the transplant cellular therapy journey The case studies are unique in that they encompass a qualitative narrative developed using Interpretive Phenomenological Analysis IPA and the inclusion of the individual's actual medical and nursing care from their health record At every step along the trajectory of the illness the medications and care received are described interspersed with the voice of the patient and care partners sharing their experiences The chapters follow the individual patients and their care partners through all phases of their illness The interviews were conducted and case studies written by the bedside clinical nurses Visual art and prose created by patients and care partners are included in the chapters The book also includes an introduction written by the nurse authors a methods chapter on the inclusion of IPA in a case study and poignant epilogue The premise of nursing support for survivorship is woven throughout the book highlighting how giving back aids in recovery identity This book full of beautiful artworks and poems is the work of clinical nurses devoted to improving care for their patients by sharing the

**Caroline and Papa** Ronald B. Schram,2008-11 I had the career of a lifetime I was a teacher I began my teaching career believing that one person could make a difference and throughout the years I never lost sight of that conviction Teaching connected me to my students in ways quite humorous as well as heart breaking I hope the reader laughs a lot and cries only a little while walking in my footsteps as an educator Laugh with me as you read about Fred the crusty cockroach we set free to find his wife and eighty seven children In addition there is always my favorite story about the scary monster under the bed holding a student s homework hostage I fed a rooster and his hens bread crumbs for breakfast each morning until they tried to follow me in single file into the school board building one day Some difficult students in summer school mistakenly believed my black patent leather belt to be a black belt in Karate Who was I to tell them differently Coming right on top of the laughs were the times I went home to cry I remember the student new to our school who went home one evening and hung himself his cries for help coming too late I remember with equal sadness the foster child we sponsored in Kenya who died because help did not reach him in time Closer to home was the overage student who was shot and killed while he participated in a home invasion just days after he finished summer school Outside factors reached inside our classroom as well reeking havoc with the emotions of both the children and me The disastrous space shuttle with the teacher on board happened before our very eyes while the greatest tragedy of all was the destruction of the twin towers on 9 11 These stories and many more comprise my educational career and although there was no easy button I would do it all over again I was a teacher
