

THE DEDALUS BOOK OF
Modern Greek Fantasy:

EDITED & TRANSLATED BY DAVID CONNOLLY

The Dedalus Of Greek Fantasy

Elana Gomel, Danielle Gurevitch

The Dedalus Of Greek Fantasy:

The Dedalus Book of Greek Fantasy David Connolly, 2004 The Renaissance The dawn of modern civilisation Or the last spasm of mediaeval brutality Thomas Deerham soldier and would be scholar has deserted from the English army in France What should he aim for wealth or wisdom Pleasure or redemption Who can help him Not the deserters and brigands that swarm over France Barely human they offer nothing but death and destruction In his search for a purpose Thomas encounters fools and philosophers friars and merchants humanists and heretics He is consoled by the Secrets of Love discovered in an old book but his curiosity leads him to commit a terrible crime Released from prison he must begin a second quest to save his soul He goes to the East where two faiths are fighting for the greatest city in the world He endures defeat and slavery but a surprising encounter in Rome seems to offer the hope of redemption Publisher The Palgrave Handbook of Global Fantasy Elana Gomel, Danielle Gurevitch, 2023-06-07 This handbook is the first of its kind comprehensive overview of fantasy outside the Anglo American hegemony While most academic studies of fantasy follow the well trodden path of focusing on Tolkien Rowling and others our collection spotlights rich and unique fantasy literatures in India Australia Italy Greece Poland Russia China and many other areas of Europe Asia and the global South The first part focuses on the theoretical aspects of fantasy broadening and modifying existing definitions to accommodate the global reach of the genre The second part contains essays illuminating specific cultures countries and religious or ethnic traditions From Aboriginal myths to self representation of Tibet from the appropriation of the Polish Witcher by the American pop culture to modern Greek fantasy that does not rely on stories of Olympian deities and from Israeli vampires to Talmudic sages this collection is an indispensable reading for anyone interested in fantasy fiction and global literature *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to

individual author studies and useful websites

Historical Dictionary of Fantasy Literature Allen Stroud, 2023-06-12

Fantasy is both old and new In the ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more Historical Dictionary of Fantasy Literature Second Edition contains a chronology an introduction an extensive bibliography and cross referenced entries on more than 800 authors ranging across the entire historical spectrum More than 200 other entries describe the fantasy sub genres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies This book is an excellent resource for students researchers and anyone wanting to know more about fantasy literature Be a little mythological, will you? Greek

Mythology Hilal ATAKAN, 2024-06-01 Are you ready for an exciting mythological adventure This book opens the door to the rich world of ancient Greek mythology Filled with epic stories of gods heroes monsters and humans this book takes readers on a journey through time From Prometheus stealing fire to Perseus defeating Medusa from Orpheus scarlet fever to Hercules twelve labors each page invites readers on a unique adventure These stories will take you deep into the depths of human nature while at the same time allowing you to discover the mysteries of the universe The myths present human emotions in their purest form woven with love betrayal triumph and tragedy Discover the fascinating world of mythology and get lost in the magical atmosphere of this time from thousands of years ago to the present day with the book Will You Be a Little Mythological Greek Mythology **Translated Poe** Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any U S

writers are as important to the history of world literature as Edgar Allan Poe and few if any U S authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe s extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe s translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s focus on Poe whose translated fortune has helped to shape

literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe's translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature The Collected Poems C.P. Cavafy, 2007-09-13 a Greek gentleman in a straw hat standing absolutely motionless at a slight angle to the universe E M Forster E M Forster's description of C P Cavafy 1863 1933 perfectly encapsulates the unique perspective Cavafy brought to bear on history and geography sexuality and language in his poems Cavafy writes about people on the periphery whose religious ethnic and cultural identities are blurred and he was one of the pioneers in expressing a specifically homosexual sensibility His poems present brief and vivid evocations of historical scenes and sensual moments often infused with his distinctive sense of irony They have established him as one of the most important poets of the twentieth century This volume presents the most authentic Greek text of the 154 authorized poems ever published together with a new English translation that conveys the accent and rhythm of Cavafy's individual tone of voice

Homeric Megathemes D. N. Marōnitēs, 2004-01-01 In this book war intercourse and homecoming are put forward as central themes in the two Homeric epics All three themes have their own semiotics and operate in different ways in the Illiad and the Odyssey thereby determining their myth and plot their narrative syntax and more generally their poetic and humanistic character Dangerous Days Leo Kanaris, 2020-04-18 Dangerous Days is both a state of the nation novel and a thoughtful and engaging crime novel It is the third adventure for private investigator George Zafiris in crisis torn Greece It shines a light on the most secret and closely guarded sanctuary of Greek life the family While the state lurches between dysfunction and bankruptcy blood relations turn to each other for support Debts are written off misdemeanours forgiven jobs found for unemployables But if charity begins at home it also ends there Networks of obligation bind people so tight they can never escape Jealousy runs rampant Nepotism keeps talent suppressed Crime and corruption are buried in silence While solving other people's problems George gets more deeply entangled in his own When the offer of work arrives from a polluted family source he is forced to make an impossible choice between poverty and collusion in crime Both the previous novels Codename Xenophon and Blood and Gold have received great praise in the UK US and in Germany and Dangerous Days takes this crime series to a new level It all adds up to a fast moving thriller played out against a backdrop of political bedlam an exciting provocative read Barry Turner in The Daily Mail A Contemporary Interpretation of James Joyce's A Portrait of the Artist as a Young Man Indrani Deb, 2024-11-27 James Joyce is one of the most well known modernist writers of the twentieth century whose novels are special in that they use a form that he popularized first in English literature the stream of consciousness style The novel A Portrait of the Artist as a Young Man is just as contemporary as it was when it was written at the beginning of the twentieth century It is the aim of Dr Deb to discover the various ways that Joyce uses to bring out the thematic nuances of the novel This book is a collection of nineteen critical essays on James Joyce's A Portrait of the Artist and

the author has gone beyond the established critical material on this novel providing analyses from twenty first century lenses
This book will serve as a reference point for all types of readers of the novel students scholars teachers and also the common reader

Getting the books **The Dedalus Of Greek Fantasy** now is not type of challenging means. You could not forlorn going following book buildup or library or borrowing from your links to admittance them.
