The Devils Dictionary Dodo Press:

The Devil's Dictionary Ambrose Bierce, 1993-05-20 A collection of barbed definitions by one of America's most caustic humorists

The Age of Irreverence Christopher Rea, 2025-02-25 The Age of Irreverence tells the story of why China's entry into the modern age was not just traumatic but uproarious As the Qing dynasty slumped toward extinction prominent writers compiled jokes into collections they called histories of laughter In the first years of the Republic novelists essayists and illustrators alike used humorous allegories to make veiled critiques of the new government But again and again political and cultural discussion erupted into invective as critics gleefully jeered and derided rivals in public Farceurs drew followings in the popular press promoting a culture of practical joking and buffoonery Eventually these various expressions of hilarity proved so offensive to high brow writers that they launched a concerted campaign to transform the tone of public discourse hoping to displace the old forms of mirth with a new one they called youmo humor Christopher Rea argues that this period from the 1890s to the 1930s transformed how Chinese people thought and talked about what is funny Focusing on five cultural expressions of laughter jokes play mockery farce and humor he reveals the textures of comedy that were a part of everyday life during modern China's first age of irreverence This new history of laughter not only offers an unprecedented and up close look at a neglected facet of Chinese cultural modernity but also reveals its lasting legacy in the Chinese language of the comic today and its implications for our understanding of humor as a part of human culture

The Devil Nwaocha Ogechukwu, 2012-05-30

Artful Immorality - Variants of Cynicism Daniel Scott Mayfield, 2015-09-14 When a term is overused it tends to fall out of fashion Cynicism seems to be an exception Its polytropic versatility apparently prevents any discontinuation of its application Everyone knows that cynicism denotes that which is deemed deleterious at a given time and every time will specify its toxicities the apparent result being the term's non specificity This study describes the cynical stance and statement so as to render the term's use scholarly expedient Close readings of textual sources commonly deemed cynical provide a legible starting point A rhetorical analysis of aphorisms ascribed to the arch Cynic Diogenes facilitates describing the design of cynical statements as well as the characteristic features of the cynical stance These patterns are identifiable in later texts generally labeled cynical above all in Machiavelli's Principe With recourse to the Diogenical archetype cynicism is likewise rendered describable in Gracian's Orculo manual Diderot's Le neveu de Rameau and Nietzsche's Posthumous Fragments This study's description of cynicism provides a phenomenon otherwise considered amorphous with distinct contours renders transparent its workings and tenders a dependable basis for further analyses

Introducing Psychology Daniel L. Schacter, Daniel T. Gilbert, Daniel M. Wegner, 2009-12-25 Reads like a good book Written in the style of their award winning nonfiction books the Dances capture students attention in a way few textbooks can claim Each chapter each page is written with narrative hooks that retain student interest by engaging their curiosity compassion and interest in the world around them Students who read Introducing Psychology will quickly learn to critically

examine the world around them and apply the lessons of psychology to their own lives Teaches like a great textbook The Dans focus the essential topics within psychology without diluting the explanation or removing examples intended to illustrate concepts By refining their coverage to the most clear thought provoking and illustrative examples the Dans manage to accomplish two difficult goals making thoughtful content choices covering the various fields of psychology and doing so in a manner that retains clarity and emphasizes student engagement

Ten Birds That Changed the World Stephen Moss,2023-02-28 For the whole of human history we have lived alongside birds We have hunted and domesticated them for food venerated them in our mythologies religion and rituals exploited them for their natural resources and been inspired by them for our music art and poetry In Ten Birds that Changed the World naturalist and author Stephen Moss tells the gripping story of this long and eventful relationship through ten key species from all seven of the world s continents From Odin s faithful raven companions to Darwin s finches and from the wild turkey of the Americas to the emperor penguin as potent symbol of the climate crisis this is a fascinating eye opening and endlessly engaging work of natural history

Psychology Daniel L. Schacter,Daniel T. Gilbert,Daniel M. Wegner,2009 An introduction to psychology doesn t have to be science challenged to be student friendly After all what more powerful tool is there for captivating students than the real science behind what we know This skillful presentation centers on a smart selection of pioneering and cutting edge experiments and examples it effectively conveys the remarkable achievements of psychology with the right amount of critical judgment to introduce the field s fundamental ideas to students from publisher
