The Himmler Equation:

The Himmler Equation William P. Kennedy, 1989 **Hitler's Monsters** Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review *Himmler's Auxiliaries* Valdis O. Lumans, 2000-11-09 Lumans studies the relations between Nazi Germany and the German minority populations of other European countries examining these ties within the context of Hitler's foreign policy and the racial policies of SS Chief Heinrich Himmler He shows how the Reich's racial and political interests in these German minorities between 1933 and 1945 helped determine its behavior toward neighboring states Originally published in 1993 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Himmler's War* Robert Conroy, 2011-12-01 Only days after Normandy Hitler is taken out of the equation and Heinrich Himmler brutal head of the SS assumes control of the Reich On the Allied side there is confusion Should attempts be made to negotiate with the new government or should unconditional surrender still be the only option With the specter of a German super weapon moving closer to completion and the German generals finally allowed to fight the kind of war at which they are masters the allies are pushed toward a course of accommodation or even defeat Will the soldiers of the Grand Alliance find the courage and conviction to fight on in the face of such daunting odds And can alliance leaders put into place a new plan in time to snatch victory from the jaws of defeat by the German war machine A new and terrible battle for a free world is on At the publisher's request this title is sold without DRM Digital Rights Management

Jim Kobak's Kirkus Reviews ,1990 Unholy Alliance Peter Levenda,2019 In June of 1979 Peter Levenda flew to Chile then under martial law to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post war survival on the one hand and occult ideas and practices on the other He was detained there briefly and released with a warning You are not welcome in this country The people who warned him were not Chileans but Germans not government officials but agents of the assassination network Operation Condor They were also Nazis providing a sanctuary for men like Josef Mengele Hans Ulrich Rudel and Otto Skorzeny In other words ODESSA Published in 1995 Unholy Alliance was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves as well as on the author's personal investigations and interviews often conducted under dangerous conditions The book attracted the attention of historians and journalists the world over and has been translated into six languages A later edition boasts the famous foreword by Norman Mailer How did occultism come to play such an important role in the development of Nazi political ideology What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party What was the Thule Gesellschaft and who was its creator Baron von Sebottendorf Did the Nazi high command really believe in occultism In astrology In magic and reincarnation This is a new and expanded edition of the original text with much additional information on the rise of extremist groups in Europe Latin America Asia and the United States and the esoteric beliefs that are at their foundations It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy* This is where it all began *Thinking Against the Grain* Rodger Beehler,2007 This work is a connected series of essays on morality education law and society All of the essays indeed think against the grain challenging some of the dominant thinkers and fashions of our time in a strikingly original and penetrating way They force the reader to consider our hegemonic values how we are to live our lives and view our world Political theorists social scientists philosophers educators legal scholars and cultural and literary theorists will find them profitable to study While the book meets the standards expected by such scholars its essays are written in a lively and accessible manner which also makes them of interest to the general educated public Written by the late Dr Rodger Beehler this work imparts the wisdom and insights of writers who instruct and amuse the reader on matters of our predominant values **Hitler's Foreign Executioners** Christopher Hale,2011-04-11 In *Hitler's Foreign Executioners* Heinrich Himmler's secret master plan for Europe is revealed an SS empire that would have no place for either the Nazi Party or Adolf Hitler His astonishingly ambitious plan depended on the recruitment of tens of thousands of Germanic peoples from every corner of Europe and even parts of Asia to build an SS Europa This revised and fully updated book researched in archives all over Europe and using first hand testimony exposes Europe's dirty secret nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich to fight a deadly crusade against a mythic foe Jewish Bolshevism Even today some apologists claim that these foreign SS volunteers were merely soldiers like any other and fought

a decent war against Stalin's Red Army Historian Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken By taking part in Himmler's murderous master plan these foreign executioners hoped to prove that they were worthy of joining his future SS Europa But as the Reich collapsed in 1944 Himmler's monstrous scheme led to bitter confrontations with Hitler and to the downfall of the man once known as loyal Heinrich **In the Way of the Reich** Paula Astridge, 2019-06-01 Hermann Goering one of the most senior members of the Third Reich was one of those responsible for murdering millions His brother Albert risked his own life to rescue hundreds of Jews from the Nazi death machine Ernst Udet won the Blue Max for his record number of kills Captain Wilm Hosenfeld used his position in the Wehrmacht to save many persecuted Poles This is the story of their intertwining lives of two men who worked in the way of Reich and two men who stood in the way of the Reich Theirs are stories of exemplary courage and sacrifice of extreme cruelty and flagrant disregard of the lives of others of good versus evil and of how it can sometimes be difficult to distinguish the two Exhaustively researched this novel takes a long hard look at the lives of these four men and asks the universal questions were they really all bad or all good Olderr's Fiction Index , 1989
