The History Of King Richard The Third A Reading Edition

Michael Seilmaier

The History Of King Richard The Third A Reading Edition:

The History of King Richard the Third Thomas More, 2005-11-03 The History of King Richard the Third is Thomas More's English masterpiece. With the help of Shakespeare whose *Richard the Third* took More's work as its principal model, the History determined the historical reputation of an English king and spawned a seemingly endless controversy about the justness of that reputation. George M. Logan has produced a scholarly yet accessible edition of the History designed to make More's exhilarating work fully accessible to 21st century readers. More's text is presented here with modern English spelling and punctuation and with full annotation of linguistic difficulties and the historical background. The text is preceded by a general introduction, a chronology, and suggestions for further reading. An appendix reprints passages from key sources and analogues enabling the reader to see how More worked with his English sources and classical models and finally how Shakespeare worked with More. Genre in English Medical Writing, 1500–1820 Irma Taavitsainen, Turo Hiltunen, Jeremy J. Smith, Carla Suhr, 2022-10-13 This multidisciplinary volume offers new insights into the development of genres of medical discourse in changing socio-cultural contexts. **Medieval and Renaissance Drama in England** Mary Bly, S. P. Cerasano, 2013 *Medieval and Renaissance Drama in England* is an international journal committed to the publication of essays and reviews relevant to drama and theatre history to 1642. This issue includes eleven new articles and reviews of twelve books. **The Artistic Links Between William Shakespeare and Sir Thomas More** C. Hallett, 2011-06-20 The Halletts investigation differs from anything that has been written about the relationship between Thomas More and William Shakespeare in that it approaches the subject from a dramaturgical point of view. This book defines in specific terms what Shakespeare learned from his study of More's History and how he learned it. *The Cambridge Companion to Thomas More* George M. Logan, 2011-01-27 This Companion offers a comprehensive introduction to the life and work of a major figure of the modern world. Combining breadth of coverage with depth, the book opens with essays on More's family, early life and education, his literary humanism, virtuoso rhetoric, illustrious public career, and ferocious opposition to emergent Protestantism, and his fall from power, incarceration, trial, and execution. These chapters are followed by in-depth studies of five of More's major works: *Utopia*, *The History of King Richard the Third*, *A Dialogue Concerning Heresies*, *A Dialogue of Comfort against Tribulation*, and *De Tristitia Christi*, and a final essay on the varied responses to the man and his writings in his own and subsequent centuries. The volume provides an accessible overview of this fascinating figure to students and other interested readers whilst also presenting and in many areas extending the most important modern scholarship on him. **Loyalty to the Monarchy in Late Medieval and Early Modern Britain, c.1400-1688** Matthew Ward, Matthew Hefferan, 2020-06-30 This book explores the place of loyalty in the relationship between the monarchy and their subjects in late medieval and early modern Britain. It focuses on a period in which political and religious upheaval tested the bonds of loyalty between ruler and ruled. The era also witnessed changes in how loyalty was developed and expressed. The first section

focuses on royal propaganda and expressions of loyalty from the gentry and nobility under the Yorkist and early Tudor monarchs as well as the fifteenth century Scottish monarchy The chapters illustrate late medieval conceptions of loyalty exploring how they manifested themselves and how they persisted and developed into early modernity Loyalty to the later Tudors and early Stuarts is scrutinised in the second section gauging the growing level of dissent in the build up to the British Civil Wars of the seventeenth century The final section dissects the role that the concept of loyalty played during and after the Civil Wars looking at how divergent groups navigated this turbulent period and examining the ways in which loyalty could be used as a means of surviving the upheaval **Shakespeare's Stage Traffic** Janet Clare,2014-01-09 Contesting the

notion of Shakespeare as originator Clare demonstrates how Shakespeare adapted imitated and borrowed from the work of others *Performativity of Villainy and Evil in Anglophone Literature and Media* Nizar Zouidi,2021-07-24 Performativity of Villainy and Evil in Anglophone Literature and Media studies the performative nature of evil characters acts and emotions across intersecting genres disciplines and historical eras This collection brings together scholars and artists with different institutional standings cultural backgrounds and inter disciplinary interests with the aim of energizing the ongoing discussion of the generic and thematic issues related to the representation of villainy and evil in literature and media The volume covers medieval literature to contemporary literature and also examines important aspects of evil in literature such as social and political identity the gothic and systemic evil practices In addition to literature the book considers examples of villainy in film TV and media revealing that performance performative control and maneuverability are the common characteristics of villains across the different literary and filmic genres and eras studied in the volume **The Oxford Handbook of**

Shakespeare and Embodiment Valerie Traub,2016-09-08 The Oxford Handbook of Shakespeare and Embodiment brings together 40 of the most important scholars and intellectuals writing on the subject today Extending the purview of feminist criticism it offers an intersectional paradigm for considering representations of gender in the context of race ethnicity sexuality disability and religion In addition to sophisticated textual analysis drawing on the methods of historicism psychoanalysis queer theory and posthumanism a team of international experts discuss Shakespeare's life contemporary editing practices and performance of his plays on stage on screen and in the classroom This theoretically sophisticated yet elegantly written Handbook includes an editor's Introduction that provides a comprehensive overview of current debates

Unfixable Forms Katherine Schaap Williams,2021-06-15 Unfixable Forms explores how theatrical form remakes and is in turn remade by early modern disability Figures described as deformed lame crippled ugly sick and monstrous crowd the stage in English drama of the sixteenth and seventeenth centuries In each case such a description distills cultural expectations about how a body should look and what a body should do yet crucially demands the actor's embodied performance In the early modern theater concepts of disability collide with the deforming vulnerable body of the actor Reading dramatic texts alongside a diverse array of sources ranging from physic manuals to philosophical essays to monster

pamphlets Katherine Schaap Williams excavates an archive of formal innovation to argue that disability is at the heart of the early modern theater's exploration of what it means to put the body of an actor on the stage Offering new interpretations of canonical works by William Shakespeare Ben Jonson Thomas Dekker Thomas Middleton and William Rowley and close readings of little known plays such as *The Fair Maid of the Exchange* and *A Larum For London* Williams demonstrates how disability cuts across foundational distinctions between nature and art form and matter and being and seeming Situated at the intersections of early modern drama disability studies and performance theory *Unfixable Forms* locates disability on the early modern stage as both a product of cultural constraints and a spark for performance's unsettling demands and electrifying eventfulness

Whispering the Secrets of Language: An Psychological Journey through **The History Of King Richard The Third A Reading Edition**

In a digitally-driven earth wherever displays reign supreme and instant transmission drowns out the subtleties of language, the profound secrets and mental nuances concealed within words often move unheard. Yet, set within the pages of **The History Of King Richard The Third A Reading Edition** a interesting fictional value pulsing with raw emotions, lies a fantastic journey waiting to be undertaken. Published by an experienced wordsmith, this enchanting opus encourages visitors on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the very material of each and every word. Within the emotional depths with this poignant evaluation, we shall embark upon a sincere exploration of the book is core themes, dissect their captivating publishing fashion, and succumb to the effective resonance it evokes deep within the recesses of readers hearts.
