The Home Place A Memoir:

The Home Place J. Drew Lanham, 2016-08-22 A groundbreaking work about race and the American landscape and a deep meditation on nature wise and beautiful Helen Macdonald author of *H is for Hawk* A Foreword Reviews Best Book of the Year and Nautilus Silver Award Winner In me there is the red of miry clay the brown of spring floods the gold of ripening tobacco All of these hues are me I am in the deepest sense colored Dating back to slavery Edgefield County South Carolina a place easy to pass by on the way somewhere else has been home to generations of Lanhams In *The Home Place* readers meet these extraordinary people including Drew himself who over the course of the 1970s falls in love with the natural world around him As his passion takes flight however he begins to ask what it means to be the rare bird the oddity By turns angry funny elegiac and heartbreaking *The Home Place* is a meditation on nature and belonging by an ornithologist and professor of ecology at once a deeply moving memoir and riveting exploration of the contradictions of black identity in the rural South and in America today When you're done with *The Home Place* it won't be done with you Its wonders will linger like everything luminous *Star Tribune* A lyrical story about the power of the wild synthesizes his own family history geography nature and race into a compelling argument for conservation and resilience *National Geographic*

The Home Place Brian Leyden, 2013-02-21 An absolutely beautiful piece of work Joseph O'Connor We did not see ourselves as a remarkable far flung or endangered people Our way of life our attitudes our humour and engagement with our home place hardly deserved the attention of the National Geographic Society But the *National Geographic Magazine* for November 1978 included an article *Where the River Shannon Flows* and a caption quoting my father Don't stay too long in this country or it will capture you There isn't a single word out of place in this wonderful book In a richly detailed evocation of family life and the place where he grew up Leyden walks us through his world and that of his neighbours and his community casting a warm eye on its customs and history beliefs and traditions and how they all fit together With its lyrical balancing of loss and humour the *Home Place* is a book that will stay with you long after reading it An Irish classic

Songs of Life and Grace Linda Scott DeRosier, 2003-01-01 In the follow up to her memoir *Creeker* DeRosier describes the married life of her parents Lifie Jay Preston and Grace Mollette the *Life and Grace* of the title They raised their daughters in an eastern Kentucky life which held song and heartache but yet the loving power of family brought many ills to bear

Entanglements, Narratives, and the Environment Nicole Haring, Roberta Maierhofer, Eva Bauer, 2024-11-19 *Entanglements Narratives and the Environment Inter American Perspectives* provides an interdisciplinary ecocritical reading of narratives and environmental entanglements from an Inter American perspective predominantly providing literary film and cultural analysis of texts from the Americas In light of Amitav Ghosh's 2016 exploration of a crisis of the imagination in the face of climate change and environmental degradation this book addresses the potential of literature history and politics in comprehending the profound dimensions and violence of these challenges The chapters show among others that the Anthropocene demands fresh narratives and

theoretical perspectives particularly within the framework of Inter American Studies which can offer a new venue to discuss pressing issues and to provide intersectional and inter regional considerations Thus drawing on Inter American perspective with its hemispheric perspectives opens the possibilities for an ecocritical reading of the complexities and relationalities of the climate crisis in the humanities as well as the social sciences As a result the book includes historical and political analysis as well as literary cultural and film analysis of texts from the Americas The chapters engage in deconstructing popular myths de centering Western approaches and eventually show through these critical engagements how the climate crisis demands multi dimensional readings

A New Handbook of Rhetoric Michele Kennerly,2021-09-09 Like every discipline Rhetorical Studies relies on a technical vocabulary to convey specialized concepts but few disciplines rely so deeply on a set of terms developed so long ago Pathos kairos doxa topos these and others originate from the so called classical world which has conferred on them excessive authority Without jettisoning these rhetorical terms altogether this handbook addresses critiques of their ongoing relevance explanatory power and exclusionary effects A New Handbook of Rhetoric inverts the terms of classical rhetoric by applying to them the alpha privative a prefix that expresses absence Adding the prefix to more than a dozen of the most important terms in the field the contributors to this volume build a new vocabulary for rhetorical inquiry Essays on apathy akairos adoxa and atopus among others explore long standing disciplinary habits reveal the denials

and privileges inherent in traditional rhetorical inquiry and theorize new problems and methods Using this vocabulary in an analysis of current politics media and technology the essays illuminate aspects of contemporary culture that traditional rhetorical theory often overlooks Innovative and groundbreaking A New Handbook of Rhetoric at once draws on and unsettles ancient Greek rhetorical terms opening new avenues for studying values norms and phenomena often stymied by the tradition In addition to the editor the contributors include Caddie Alford Benjamin Firgens Cory Geraths Anthony J Irizarry Mari Lee Mifsud John Muckelbauer Bess R H Myers Damien Smith Pfister Nathaniel A Rivers and Alessandra Von Burg
