The Hospice Alternative Margaret Manning, 1984

Hospice Care and Culture Teresa Chikako

Maruyama, 2018-12-21 First published in 1999 Maruyama explores some significant difficulties and differences in bringing the western hospice philosophy to the Japanese medical culture Whilst not giving any definite answers this study determines what some of the critical questions that need to be considered into Japanese medicine as Mayuyama argues without defining these questions to begin with we cannot find appropriate solutions Medical Materialities Aaron Parkhurst, Timothy

Carroll, 2019-01-14 Medical Materialities investigates possible points of cross fertilisation between medical anthropology and material culture studies and considers the successes and limitations of both sub disciplines as they attempt to understand places practices methods and cultures of healing The editors present and expand upon a definition of medical materiality namely the social impact of the agency of often mundane at times non clinical materials within contexts of health and illness as caused by the properties and affordances of this material The chapters address material culture in various clinical and biomedical contexts and in discussions that link the body and healing The diverse ethnographic case studies provide valuable insight into the way cultures of medicine are understood and practised

Overcome the challenges facing social workers today with international guidance Social Work Approaches in Health and Mental Health from Around the Globe is a valuable stepping stone toward an understanding of the diversity of methods utilized in social work for community health services This work stems from material gathered at the Third International Conference on Social Work in Health and Mental Health held in Tampere Finland In this book you will find new creative theoretical and practical orientations for designing developing and analyzing social work to help you produce policies and services in which clients can positively and productively invest Social Work Approaches in Health and Mental Health from Around the Globe covers a long period in the history of social work in health issues from theoretical treatises to empirical research and analyses of practices The book provides you with research case studies and existing international and national literature from India Botswana Taiwan Lithuania the United Kingdom Australia and the United States This resource explores the shared qualities of social work in health services throughout the world despite differences between countries in terms of culture social system and history Although these experts come from different parts of the world the book displays an emergence of similar issues and themes including the development of expertise for social workers in the health and mental health fields social work as an agent of change that crosses borders operates on many levels and across many dimensions of society community based care principles perspectives marginalized groups and the role of the social worker dual divisions becoming aware of and choosing a position in work practice

A Question of Choice Pamela McGrath, 2018-10-26

First published in 1997 this book contributes to our understanding of the way our society responds to issues of death and

dying The trans disciplinary research which informs this discussion is situated in the disciplines of bioethics and palliative care Postmodern notions of discourse and power are used to explore the organizational approach of one hospice Karuna Hospice Service to working with the dying In modern Western technological societies biomedicine is the dominant discourse which underpins our care of the terminally ill Bioethics has recently emerged as a discipline concerned with resolving the many ethical dilemmas arising from such a physiological technologized approach to death Rather than add to such studies this research looks into the direction of alternative ways of responding to the dying in our community KHS was chosen for this research as it presented the possibility of a holistic and spiritual alternative to the positivist reductionist hegemony of scientific medicine The research focus is on establishing and describing this difference and exploring how such an organization could maintain resistance to mainstream medicine The research findings are shared with the intent of using the material and insights gained to explore important issues presently arising in bioethics and palliative care for example the recent critique of Principlism in bioethics and the methodological difficulties restricting research into spirituality for palliative care

Hospitality as Holiness Luke Bretherton, 2017-03-02 We live amid increasing ethical plurality and fragmentation while at the same time more and more questions of moral gravity confront us Some of these questions are new such as those around human cloning and genetics Other questions that were previously settled have re emerged such as those around the place of religion in politics Responses to such questions are diverse numerous and often vehemently contested Hospitality as Holiness seeks to address the underlying question facing the church within contemporary moral debates how should Christians relate to their neighbours when ethical disputes arise The problems the book examines centre on what the nature and basis of Christian moral thought and action is and in the contemporary context whether moral disputes may be resolved with those who do not share the same framework as Christians Bretherton establishes a model that of hospitality for how Christians and non Christians can relate to each other amid moral diversity This book will appeal to those interested in the broad question of the relationship between reason tradition natural law and revelation in theology and more specifically to those engaged with questions about plurality tolerance and ethical conflict in Christian ethics and medical ethics
