The Human Core Of Spirituality Mind As Psyche And Spirit:

Human Core of Spirituality, The Daniel A. Helminiak, 1996-07-03 For anyone seriously interested in spirituality this book presents a highly elaborated challenge to religion the human sciences and secular society The author provides a relatively popular presentation of the work of Bernard Lonergan **Spiritual Director, Spiritual Companion** Tilden Edwards, 2001 Updates his classic *Spiritual Friend* Spiritual direction pioneer Tilden Edwards here shares the wealth of twenty years of experience he s gained since his classic book *Spiritual Friend* The fresh and insightful result covers both spiritual and practical sides of the art from the nature of the soul to recommendations on payment rates Both directors and directees benefit from this wholistic look that considers all of the person and not just his or her prayer life At the book s heart though is spiritual direction at its best Edwards examines new methods to nurture the soul ways to recognize a true spiritual experience and suggestions for being truly present during the process Practical guidelines are also given for getting started with new directees running group spiritual direction evaluating sessions and setting up a spiritual director peer group In addition Edwards gives a brief history of this special ministry and a view of its future He also considers spiritual companionship in other religious traditions and their relation to a Christian framework This new title offers enormous insight and support for both spiritual directors and directees anyone considering entering spiritual direction and all those ministers from pastors to Christian counselors who so often unexpectedly find themselves in the role of spiritual director

Baird, 2002 Contends that after the Holocaust spirituality requires that self transcendence be defined primarily as ethical responsibility Ch 4 pp 89 118 *Ethical Responsibility and Holocaust Rescuers* concludes that even though theories of rescue do not clearly establish an overt religious motivation many rescuers were influenced to act by a religious motivation based on ethical responsibility **The Spiritual Dimension of Childhood** Richard Woolley, Brendan Hyde, Kate Adams, 2008-04-15 The authors outline exactly what is understood by contemporary spirituality and discuss the importance of context in a consideration of spirituality They explore key issues in understanding children s spirituality under three broad headings children s voices children s worlds and children s lives *Anatomy of Spirituality: Portrait of the Soul* Chander

Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul Studying
