The Dark Splendour:

The Dark Splendour Les Visible, 2005 Billy Joe thought of himself as beyond the restrictions of the common herd He was free to do his own will as no other was above limits and laws past apprehension unreachable untouchable an entity unto himself alone This is what he thought But this is not what he was Everything he did served the will and the interests of a force far older and deeper than he would ever reach In comparison he was like a child playing with blocks He served a master who was loyal to no one just as he was loyal to no one There were many men like Billy Joe in the world less accomplished in their evil but moving deliberately down that ancient staircase into the Dark Splendor One part crime novel and one part occult thriller the book takes us behind the veil of appearances into a world where nothing is what it seems Set against the backdrop of the island of Maui the pacing grips us from the first page and sends us at a gallop on a white knuckled ride featuring serial killers drug dealers horrific murder martial artists reincarnation ceremonial magic a black magician and an immortal Tibetan Master For pure enjoyment and surprise this book is guaranteed to remain in your thoughts long after you have finished reading

Dark Splendor Robert P. Vande Kappelle, 2015-06-29 Mistakes disappointments suffering and heartbreak can prevent us from growing physically emotionally even spiritually or they can propel us to a new way of life Building on the contributions of therapists holistic healers and spiritual mentors such as Richard Rohr James Hollis Elizabeth Lesser Bill Plotkin Ken Wilber and Thich Nhat Hanh Dark Splendor takes us on a journey into depth spirituality exploring the two halves of life noting how the perspectives and experiences of the first half of life either leave us frozen emotionally and spiritually or serve as stepping stones to the vibrant maturity called the second half of life This further journey is not chronological nor does one magically stumble upon it at midlife or in times of crisis though these often serve as catalysts The second journey is largely unknown today even by people we consider deeply religious since most individuals and institutions remain stymied in the preoccupations of the first half of life establishing identity creating boundary markers and seeking security The first half of life task while essential is not the full journey Furthermore one cannot walk the second journey with first journey tools One needs a new toolkit Dark Splendor provides the transformational tools that help transport us to the mystery and beauty of the second half of life The world is more magical less predictable more autonomous less controllable more varied less simple more infinite less knowable more wonderfully troubling than we could have imagined being able to tolerate when we were young James Hollis God comes to you disguised as your life Paula D Arcy
