John Nichols, John Bowyer Nichols

The Hist And Edmund Burkes Club:

Edmund Burke, 1729-1797 Leonard W. Cowie, 1994-04-30 Although he held only minor offices in Parliament politician and political writer Edmund Burke strongly affected contemporary opinion and his ideas had a profound impact on the future He supported the American colonists in their quarrel with Britain played a conspicuous part in the impeachment of Warren Hastings for alleged misgovernment in India and advocated religious toleration the abolition of the slave trade and other reforms A bibliography of his life and career the book includes a biographical essay and chronology and provides a complete list of Burke's writings as well as books and articles about him up to the present Important contemporary portraits and cartoons and comments of his contemporaries add to this volume The book's opening essay describes the life of Edmund Burke showing how his writings and actions related to the main issues of the time where the chronology lists events important to this situation Section one Manuscript and Archival Resources sites the location of relevant collections indicates those of greatest importance and lists both guides to collections and contemporary periodicals Bibliographies biographies and studies of Burke's political thought appear in the second section while the tertiary section covers Burke's own writings Contemporaries of Burke are covered in section four His political background is examined in the fifth section and the following chapters cover places associated with Burke his speeches contemporary portraits and caricatures periodicals and his life and career Author artist and subject indexes conclude the work

History of the Life and Times of Edmund Burke Thomas Macknight, 1860

Edmund Burke's Letter to a Noble Lord Edmund Burke, 1898

Edmund Burke as Historian Sora Sato, 2017-11-01 This book provides a comprehensive survey of Edmund Burke's historical thought a neglected area of both Burke scholarship and historiography Ranging from Burke's general conception of history to his accounts of English European American Irish and Asian Muslim history this book offers much needed depth and context to his political life Sora Sato illuminates Burke's ideas on civilisation and world order with careful analysis of both his well known historical concepts such as the ancient constitution of England and the spirit of chivalry as well as his lesser known opinions on war and the military Written with clarity and precision this book is an invaluable reference for scholars of Burke early modern European history and political philosophy

Burke's Family Index Burke's Peerage, 1976 An index to John Burke's volumes on peerage

Edmund Burke: Volume I, 1730-1784 F. P Lock, 2008-08-28 Edmund Burke 1730 1797 was one of the most profound versatile and accomplished thinkers of the eighteenth century Born and educated in Dublin he moved to London to study law but remained to make a career in English politics completing A Philosophical Enquiry into the Origin of Our Ideas of the Sublime and Beautiful 1757 before entering the political arena A Member of Parliament for nearly thirty years his speeches are still read and studied as classics of political thought and through his best known work Reflections on the Revolution in France 1790 he has continued to exercise a posthumous influence as the father of conservatism This is the first full scholarly biography of Burke for over a generation to be completed in two volumes The first

volume covers the years between 1730 1784 and describes his Irish upbringing and education early writing and his parliamentary career throughout the momentous years of the American War of Independence Lavishly illustrated it provides an authoritative account of the complexity and breadth of Burke s philosophical and political writing and examines its origins in his personal experiences and the political world of his day This outstanding book will be required reading for anybody seeking a fuller understanding of eighteenth century history philosophy and political thought **Edmund Burke:**

Reputation and Bibliography, 1850-1954 Naomi Johnson Townsend,1955 *Historical Review of the Irish Parliaments, from the Epoch of Henry II. to the Union ...* Warden Hatton Flood,1863 **Edmund Burke und sein politisches**

Nichols,1848 Edmund Burke's Irish Identities Seán Patrick Donlan,2007 Edmund Burke was an orator writer British statesman and opponent of the revolution in France This collection of essays focuses on Burke s complex relationship to his native Ireland It brings together 13 authors all established experts and young scholars from a variety of viewpoints and disciplines Burke and the Nature of Politics Carl B. Cone,2021-10-21 Edmund Burke in recent years has assumed extraordinary stature in American political thinking as the father of neoconservatism In this book the first of a two volume biography of this eighteenth century English statesman Mr Cone brings important new evidence to his thesis that during the age of the American Revolution Burke was significant more as the politician and the party man than as a systematic political philosopher This volume deals with Burke s career to 1782 when the Marquis of Rockingham to whom Burke had attached himself seventeen years earlier stood once again on the threshold of the prime ministership In this period Burke was the voice and frequently the behind the scenes leader of the parliamentary opposition to George III Lord North and the King s Friends Ever since the repeal of the Stamp Act in 1766 he and his colleagues had struggled against the government over the great imperial questions of America India and Ireland and over the influence of the crown in domestic affairs through the patronage of the royal household offices Mr Cone stresses the importance of Burke s practical contributions to the art of government By his partisan activities his leadership in parliament and his political writings Burke gave expression to new ideas about the nature of English politics and emphasized the value of political parties as necessary instruments of free government Indeed Mr Cone states in so far as Burke the conservative championed the cause of party government he did more than the political radical to change the nature of the cabinet of parliament of their relationship to one another of the monarchy and its relationship to the cabinet and parliament in short to revolutionize the practical working of the political and constitutional system of England Based upon manuscript sources which were not opened to general scholarship until 1949 this book contains much new information about Burke s private life and provides a provocative reevaluation of his political career in the age of the American Revolution Illustrations of the Literary History of the Eighteenth Century John

Nichols,2014-12-04 This eight volume set published 1817 58 by the Nichols family is a sequel to John Nichols Literary Anecdotes 1812 15 and provides a useful source of biographical material on authors and publishers at a time when many of the literary genres we now take for granted were first being developed **A Genealogical and Heraldic History of the Peerage and Baronetage, the Privy Council, Knightage and Companionship** Bernard Burke,Ashworth Peter Burke,1910
