The Holy Grail And The Eucharist Library Of Russian Philosophy:

The Holy Grail and the Eucharist Sergiĭ Bulgakov, Sergei Nikolaevich Bulgakov, 1997 These two moving studies by the eminent Orthodox theologian and sophiologist Father Sergei Bulgakov are remarkable in many ways The first is a unique consideration from the point of view of Eastern Christianity of the Holy Grail the chalice used by Joseph of Arimathea to catch the blood and water as it flowed from Jesus side when it was pierced on the Cross by the spear of Longinus This moment is described in John 19 34 Bulgakov s essay is a dogmatic exegesis of this passage in which with astounding passion and precision he reveals that the Earth itself and hence the human universe is the Grail wherein Christ lives forever The second essay is also unique the most important contribution to eucharistic theology by an Orthodox theologian In the West the meaning of the Communion bread and wine as the Christ s Body and Blood has been interpreted largely in philosophical terms deriving from Aristotle and Thomas Aquinas Bulgakov insists on a christological and Gospel based interpretation one with tremendous significance for our understanding of the supernatural and sophianic nature of a world interpenetrated by the divine This little book is a priceless gift enriching our understanding of the Christian mystery and two of its deepest aspects the Grail and the Eucharist

The Sophiology of Death Sergius Bulgakov, James Clarke & Co, 2023-10-26 In this book called The Sophiology of Death Essays on Eschatology you can find the answer of these questions What will be the final destiny of humanity At God s final judgement will all be saved or only a few How does Christian eschatology affect Christian political action in the here and now And what is the destiny of each individual facing the prospect of earthly death In these essays Sergius Bulgakov brings the resources of scripture and tradition to bear on these vital questions arguing for the magnificent final restoration of all creatures to union with God in a universal salvation worthy of the infinite scope of Christ s redemption Combining practical theology with

doctrinal questions Bulgakov provides on the one hand insight into how Christians can strive to bring God's kingdom to earth in anticipation of the peace and justice of the heavenly Jerusalem On the other he offers profound theological reflections on the nature of human death and Christ's accompaniment of all humans in their dying based on his own near death experience Although originating firmly within the Russian Orthodox tradition Bulgakov's sensitive and incisive writing will shed new light for all on eschatology in all its facets personal political and universal in *Sophiology of Death* Vladimir Soloviev Paul Marshall Allen, 2007-12 In 1795 Johann Wolfgang von Goethe produced his tale of tales *The fairytale of The Green Snake and the Beautiful Lily* an extraordinary masterwork that is unique among Goethe's works An initiatory fable of transformation the tale arose out of the Rosicrucian alchemical impulses that play an important role in *Faust* and Goethe's other writings Among those influenced by it was Rudolf Steiner whose mystery dramas employ similar themes The authors begin by placing the fairytale against the background of Goethe's life and cultural setting They then discuss its importance in the development of Steiner's spiritual science Finally they describe its visual language profound mystical insights and relevance for us today The book includes Carlyle's classic translation of the tale and illustrations plus Steiner's essay on its inner meaning The authors offer a positive look at the possibilities of the twenty first century They view Goethe's fairytale as fully relevant to our time just as it was when Goethe first wrote it *Speak Thus* Craig R Hovey, 2008-11-27 In its various forms speech is absolutely integral to the Christian mission The gospel is a message news that must be passed on if it is to be known by others Nevertheless the reality of God cannot be exhausted by Christian knowledge and Christian knowledge cannot be exhausted by our words All the while the philosophy of modernity has left Christianity an impoverished inheritance within which to think these things In *Speak Thus* Craig Hovey explores the possibilities and limits of Christian speaking At times ethical epistemological and metaphysical these essays go to the heart of what it means to be the church today In practice the Christian life often has a linguistic shape that surprisingly implicates and reveals the commitments of people like those who care for the sick or those who respond as peacemakers in the face of violence Because learning to speak one way as opposed to another is a skill that must be learned Christian speakers are also guides who bear witness to the importance of churches for passing on a felicity with Christian ways of speaking Through constructive engagements with interlocutors like Ludwig Wittgenstein George Lindbeck Jeffrey Stout Stanley Hauerwas John Howard Yoder Thomas Aquinas and the theology of Radical Orthodoxy Hovey offers a challenging vision of the church able to speak with a confidence that only comes from a deep attentiveness to its own limitations while able to speak prophetically in a world weary of words Orthodox Christianity Carl S. Tynes, 2003 The Orthodox Church is one of the three major branches of Christianity There are over 300 million adherents throughout the world The Orthodox Church is a fellowship of independent churches which split from the Roman Church over the question of papal supremacy in 1054 The Orthodox adherents include people in Greece Georgia Russia and Serbia There are an estimated one million members in the United States This Advanced book explains the basic

principles of Orthodox Christianity and describes in detail the holidays observed by the Orthodox Church In addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes *Esalen* Jeffrey J. Kripal, 2011-09-07 Jeffrey Kripal here recounts the spectacular history of Esalen the institute that has long been a world leader in alternative and experiential education and stands today at the center of the human potential movement Forged in the literary and mythical leanings of the Beat Generation inspired in the lecture halls of Stanford by radical scholars of comparative religion the institute was the remarkable brainchild of Michael Murphy and Richard Price Set against the heady backdrop of California during the revolutionary 1960s Esalen recounts in fascinating detail how these two maverick thinkers sought to fuse the spiritual revelations of the East with the scientific revolutions of the West or to combine the very best elements of Zen Buddhism Western psychology and Indian yoga into a decidedly utopian vision that rejected the dogmas of conventional religion In their religion of no religion the natural world was just as crucial as the spiritual one science and faith not only commingled but became staunch allies and the enlightenment of the body could lead to the full realization of our development as human beings An impressive new book Kripal has written the definitive intellectual history of the ideas behind the institute San Francisco Chronicle Kripal examines Esalen s extraordinary history and evocatively describes the breech birth of Murphy and Price s brainchild His real achievement though is effortlessly synthesizing a dizzying array of dissonant phenomena Cold War espionage ecstatic religiosity incongruous pairings Darwinism Tantric sex and otherwise schizy ephemera psychedelic drugs spaceflight into a cogent satisfyingly complete narrative Atlantic Monthly Kripal has produced the first all encompassing history of Esalen its intellectual social personal literary and spiritual passages Kripal brings us up to date and takes us deep beneath historical surfaces in this definitive elegantly written book Playboy
